The Glorious History of the King James Bible
David W. Cloud 2006
The King James Bible is not merely another translation. Its history is one of the most fascinating chapters of church history. Many books have been written about the KJV, but few have the breadth of knowledge to answer the many questions about the Bible that are asked. This work contains the most comprehensive historical survey of the Bible of the Book of Life, an introduction, an analysis of the works of the KJV, and a comprehensive list of all the current versions of the Bible. From the earliest versions to the present day, this book is a complete and authoritative resource for all who are interested in the history of the Bible.

The English Bible
Donald L. Brake 2008-09-15
Presents the history of the English Bible as literature, including the role of the English Bible in the English language, the development of the English Bible as literature, and the role of the English Bible in the English language.

The English Bible: A History
Ryan Matthew Reeves 2018-08-07
The easy accessibility of the English Bible is its most world’s major languages can obscure a dramatic and sometimes unexpected story. In How We Got Our Bible, Ryan Reeves and Charles Hill trace the history of the Bible from its beginnings to the present day, highlighting key figures and demonstrating the overall reliability of Scripture. Reeves and Hill begin with the writing of the Bible’s books (including authorship and dating), move into the formation of the Old and New Testaments (including early transmission and the development of the canon), and conclude with several chapters on the translation of the Bible into English. The English Bible (1382-1750) also discusses many theological issues in this book.

The present history of the English Bible is the result of the efforts of four generations of translators from the twelfth century. Christianity for Beginners
Mike Mazzacondo 2014-03-12
This chapter book explains basic topics such as belief in God, the history and writing of the Bible, and the nature of salvation. According to the Bible, salvation is available to all people, but salvation is often expressed in different ways in the Bible. The Bible begins with the story of creation, and the first chapter in the Bible, the story of how the world was created, is a record of the history of the world. The Bible tells the story of the creation of the world, of the creation of the universe, and of the history of the world. The Bible tells the story of the creation of the world, of the creation of the universe, and of the history of the world.

The Bible study aid booklet, The United States and Britain in Bible Prophecy, takes you on a journey of understanding the Bible and its contemporary relevance. Why have they been blessed so favorably over the nations that preceded them in history? The answer lies in the understanding and fulfillment of biblical prophecy." "God's promise to Abraham was not limited to a small and ancient people in the Middle East. It extends far into the future, and it is not limited by national boundaries." "Where can we find the descendants of Joseph, the lost tribes of Ephraim and Manasseh? This list of blessings eliminates most of the nations of the world as contenders. To find them we must ask: Which nations possess these blessings in our world?" "When we understand that the modern descendants of Joseph are the people of the United States and Britain, we see that over the past three centuries God has been true to His promises. " "Though the United States and Britain do not appear in the Bible's prophecies of the end time under their present names, God hasn't ignored these nations. He identifies them in prophecy according to their ancestry. Most people simply haven't known where to look for them."

From Jesus to Christ
Paula Fredriksen 2008-10-01 "Magisterial. . . . A learned, brilliant and enjoyable study." —Geza Vermes, Times Literary Supplement In this exciting book, Paula Fredriksen explains the variety of New Testament images of Jesus by exploring the ways that the new Christian communities interpreted his mission and message in light of the delay of the Kingdom he had preached. This edition includes an introduction reviews the most recent scholarship on Jesus and its implications for both history and theology, "Brilliant and lucidly written, full of original and fascinating insights." —Reginald H. Fuller, Journal of the American Academy of Religion "This is a first-rate work of a first-rate historian." —James D. Tabor, Journal of Religion "Fredriksen confronts her documents—principally the writings of the New Testament—as an archaeologist would an especially rich complex site. With great care she distinguishes the literary images from historical fact. As she does so, she explains the images of Jesus in terms of the strategies and purposes of the writers Paul, Matthew, Mark, Luke, and John." —Thomas D'Evelyn, Christian Science Monitor

The Murderous History of Bible Translations
Harry Freedman 2016-11-15 Harry Freedman, author of The Talmud: A Biography, recounts the fascinating and bloody history of the Bible. In 1535, William Tyndale, the first man to produce an English version of the Bible in print, was captured and imprisoned in Belgium. A year later he was strangled and then burned at the stake. His co-translator was also burned. In that same year the translator of the first Dutch Bible was arrested and beheaded. These were not the first, nor were they the last instances of extreme violence against Bible translators. The Murderous History of Bible Translations tells the remarkable, and bloody, story of those who dared translate the word of God. The Bible has been translated far more than any other book. To our minds it is self-evident that believers can read their sacred literature in a language they understand. But the history of Bible translations is far more contentious than reason would support. Bible translations underlie an astonishing number of religious conflicts that have plagued the world. Harry Freedman describes brilliantly the passions and strong emotions that arise when deeply held religious convictions are threatened or undermined. He tells of the struggle for authority and orthodoxy in a world where temporal power was always subjugated to the divine, a world in which the idea of a Bible for all was so important that many were willing to give up their time, security, and even their lives.

Foxe's Book Of Martyrs
John Foxe 2012 Acts and Monuments by John Foxe, popularly abridged as Foxe's Book of Martyrs, is a celebrated work of church history and martyrology, first published in English in 1563 by John Day. Published early in the reign of Queen Elizabeth I and only five years after the death of the Roman Catholic Queen Mary I, Foxe's Acts and Monuments was an affirmation of the Protestant Reformation in England during a period of religious conflict between Catholics and Protestants. Foxe's account of church history asserted a historical justification that was intended to establish the Church of England as a continuation of the true Christian church rather than as a modern innovation, and it contributed significantly to a nationalistic repudiation of the Roman Catholic Church. The sequence of the work, initially in five books, covered first early Christian martyrs, a brief history of the medieval church, including the Inquisitions, and a history of the Wycliffite or Lollard movement. It then dealt with the reigns of Henry VIII and Edward VI, during which the dispute with Rome had led to the separation of the English Church from papal authority and the issuance of the Book of Common Prayer. The final book treated the reign of Queen Mary and the Marian Persecutions. (courtesy of wikipedia.com)
