Sacramental Theology

New Catholic Encyclopedia 1967

The Oxford Handbook of Sacramental Theology Hans Boersma 2015-08-08 As a multi-faceted introduction to sacramental theology, this handbook explores the range of issues and questions concerning sacraments, both in inspired Scripture and in the history of the Church’s practice. In Scripture and in the early Church, Orthodox, Protstatants, and Catholics all find evidence that the first Christian communities celebrated and taught about the sacraments, and the Church has always treated them as the essential element of her life. This handbook provides an introduction. As the division between Church and synagogue did not lead to a division over the sacraments, the scholarly perspective of the Protestant and Catholic traditions of church history is thereby without ecumenical and missional value. This book evidences that the story of the Christian sacraments is, indeed, multi-faceted.

The World as Sacrament Mathai Kadavil 2005 Sacramentology is one of the few theological disciplines that have undergone tremendous changes in the past. In light of all the developments, this study draws upon the work of contemporary theologians and, in doing so, it reveals the nature of the sacraments.

Minding the Good Ground Professor of Theology Jason J. Vickers 2022-11-15 Declining memberships. Pastoral scandals. A lack of clear, coherent purpose. Many of the challenges facing United Methodists today are similar to those confronting mainline Protestant denominations across America. In the face of declining membership, some have sought to rekindle interest in the sacraments of the church. But what is the role of the sacraments in the life of a church today? How have the sacraments been understood in the past? And why might they be important for today’s church?

Toward a Trinitarian Theology of Liturgical Participation R. Gabriel Pivarnik 2013-01-01 Half a century after the Vatican II documents. He also considers the reception of those developments. Drawing especially on the work of C. J. Vagge in and Edward Kilpatrick, Vickers offers a lucid demonstration how of liturgical participation can be viewed in metaphysical, soteriological, and ecclesiological terms through the lens of a trinitarian narrative.

Practical Sacramental Theology Bruce T. Morrill 2021-09-09 What motivates practice of the liturgy and sacramental rites today? What is the role of ritual in the modern church? Does the age of globalization mean that liturgical celebration is inextricably linked to a past that is now distanced from the contemporary world? These and related questions are at the heart of this book, which offers a thoughtful examination of the ongoing question: How can and should liturgical practice be understood in light of contemporary life?

Joseph Cardinal Ratzinger Collected Works Joseph Ratzinger 2016-10-14 This major volume is a collection of the writings of Joseph Ratzinger (Pope Emeritus Benedict XVI) on the theology of the Liturgy of the Church, a subject of preeminence to him as a theologian, professor and spiritual writer. It brings together all his writings on the subject, short and long, giving his views on liturgical matters and questions over many years and from various perspectives. He chose to have his writings on the Liturgy for the first volume published of his collected works (though listed as vol. 1) because, as he says in the Introduction: "The liturgy of the Church has been for me since my childhood the central reality of my life, and it became the center of my theological efforts. I chose this volume because the liturgy is the most tangible of the mysteries: I believe that "God is first". He quotes from the Rule of St. Benedict, "Nothing is to be preferred to the liturgy", as a way of ordering the life of the Church and of every individual. He says that the fundamental question of the mystery of the liturgy is: "What does it mean that God is present in his Church through the liturgy? What real benefits does the liturgy bring?". A second circle is the relationship to the religions of the world. The third circle is the context of the Church in its theological, liturgical, and liturgical context. A fourth circle is the context of the Church in its theological context. A fifth circle is the context of the Church in its historical, cultural, and ecumenical context.
