Tfs Ingenuity  
Tori L. Harris 2015-10-14 It's the year 2277. For fifty years, Earth has received mysterious data transmissions from random locations in deep space. The streams include advanced technology, allowing Humans to achieve faster-than-light travel virtually overnight. As we prepare to take our first, tentative steps into interstellar space, we know almost nothing about our alien benefactors, and their motivations remain unexplained. While completing their shakedown cruise, Captain Tom Prescott and the crew of the first Terran Fleet Command starship, TFS Ingenuity, stumble into a first contact situation. They learn that Earth is not the first civilization granted access to the stars before their time - and how this Faustian gift has inevitably led to centuries of interstellar war. Humanity's existence hangs in the balance as a powerful alliance assembles a preemptive military strike, believing it to be their only option to protect themselves ... from us. Prescott and his small, initially unarmed starship must serve as our only line of defense. Ingenuity is our only hope.

TFS NAVAJO  
Tori Harris 2016-09-30 Only a few short months after Humanity's first interstellar flights, the first shots have been fired in what will eventually become known as the Alliance Wars. Terran Fleet Command teeters on the edge of chaos in the aftermath of Chairwoman Crull's removal from power, while in space, Earth's defense falls squarely on the shoulders of Admiral Kevin Patterson. With only a small number of ships capable of bringing the fight to the enemy, he makes the bold decision to divide his forces, meeting the Resistance task force head-on at two separate locations. Captain Tom Prescott and crew aboard the destroyer Theseus meet with initial success on the battlefield, only to be faced with the arrival of a warship completely out of her class - armed with weapons for which she is not prepared. As the Resistance task force makes its final approach to Earth, a new ally warns of the horrors that will be visited on our homeworld if the coming attack succeeds. In the meantime, the enigmatic Guardian watches and waits, noncommittal as to its role as a protector or a mere observer. Yet hope remains - as a friend of Humanity finally comes to grips with his destiny.

Native American Women Gretchen M. Bataille 2003-12-16 Containing biographical sketches of approximately 270 Native American women, this book shows the many important roles they occupy in both contemporary and traditional culture. Arranged alphabetically, entries describe the contributions of Native women in fields like law, medicine, art, and education. Appendixes list entries by areas of specialization, decades of birth, state or province, and tribal affiliation. A selected bibliography is also included.

Changed Forever, Volume I Arnold Krupat 2018-03-20 The first in-depth study of a range of literature written by Native Americans who attended government-run boarding schools. Changed Forever is the first study to gather a range of texts produced by Native Americans who, voluntarily or through compulsion, attended government-run boarding schools in the last decades of the nineteenth and the first decades of the twentieth centuries. Arnold Krupat examines Hopi, Navajo, and Apache boarding-school narratives that detail these students’ experiences. The book’s analyses are attentive to the topics (topoi) and places (loci) of the boarding schools. Some of these topics are: (re-) Naming students, imposing on them the regimentation of Clock Time, compulsory religious instruction and practice, and corporal punishment, among others. These topics occur in a variety of places, like the Dormitory, the Dining Room, the Chapel, and the Classroom. Krupat’s close readings of these narratives provide cultural and historical context as well as critical commentary. In her study of the Chilocco Indian School, K. Tsianina Lomawaima asked poignantly, “What has become of the thousands of Indian voices who spoke the breath of boarding-school life?” Changed Forever lets us hear some of them. Arnold Krupat is Professor Emeritus, Sarah Lawrence College and the author of many books, including “That the People Might Live”: Loss and Renewal in Native American Elegy.

Arizona’s Lords of the Land! Boye Lafayette De Mente 2010-05-24 Arizona's Navajo Indians, the largest tribe of Native Americans in the U.S. with a Reservation larger than 10 of the smaller states, arrived in the area several thousand years ago—an amazing event chronicled in their oral history and in key words in their language. Author Boye Lafayette De Mente has used these key words to reveal not only the history but the extraordinary culture and wisdom of the Navajos. Far from being simple savages when they first encountered white men in the 1500s, they had a long tradition of poetry and healing that equaled that of European nations. The book also details the virtual extinction of the Navajos in the 1860s by the U.S. military and their comeback from this "Fearing Time"—an amazing saga of American arrogance, ignorance and inhuman treatment of an extraordinary people.

Journey to the Past Holly Hunter 2019-08-23

Joseph Campbell comments on the hero’s journey, “The seeker of the life beyond life must press beyond, surpass the temptation of her call, and soar to the immaculate ether beyond.” Aster Snowden’s journey started early. Her cruel childhood began a cascade of challenges. She endured an abusive father, vacant mother, and peers who detested her obscure gift of predictive dreams. Years go by, and at middle age, Aster remains timid as she struggles to find love. Grannyme, a so-called dream weaver, acts as Aster’s nocturnal guide. As of late, the old woman messes with fate, and manipulates Aster into a personal quest to
find her holy grail. Jack McFadden time travels into past lives for a living. Unwittingly he is a pawn in Grannyme’s plan for Aster’s self-discovery.

The Red and the White: A Family Saga of the American West Andrew R. Graybill 2013-10-07 Winner of the Labriola Center American Indian National Book Award. One of the American West’s bloodiest—and least-known—massacres is searingly re-created in this generation-spanning history of native-white intermarriage. At dawn on January 23, 1870, four hundred men of the Second U.S. Cavalry attacked and butchered a Piegan camp near the Marias River in Montana in one of the worst slaughters of Indians by American military forces in U.S. history. Coming to avenge the murder of their father—a former fur-trader named Malcolm Clarke who had been killed four months earlier by their Piegan mother’s cousin—Clarke ‘s own two sons joined the cavalry in a slaughter of many of their own relatives. In this groundbreaking work of American history, Andrew R. Graybill places the Marias Massacre within a larger, three-generation saga of the Clarke family, particularly illuminating the complex history of native-white intermarriage in the American Northwest.

Mustang Deanne Stillman 2009-06-01 “A fascinating narrative with all the grace and power embodied in the wild horses that once populated the Western range . . . [A] magnificently told saga.” —Albuquerque Journal A Los Angeles Times Best Nonfiction Book of the Year Mustang is the sweeping story of the wild horse in the culture, history, and popular imagination of the American West. It follows the wild horse across time, from its evolutionary origins on this continent to its return with the conquistadors, its bloody battles on the old frontier, its iconic status in Buffalo Bill shows and early westerns, and its plight today as it makes its last stand on the vanishing range. With the Bureau of Land Management proposing to euthanize thousands of horses and ever-encroaching development threatening the land, the mustang’s position has never been more perilous. But as Stillman reveals, the horses are still running wild despite all the obstacles, with spirit unbroken. Hailed by critics nationwide, Mustang is “brisk, smart, thorough, and surprising” (Atlantic Monthly). “Like the best nonfiction writers of our time (Jon Krakauer and Bruce Chatwin come to mind), Stillman’s prose is inviting, her voice authoritative and her vision imaginative and impressively broad.” —Los Angeles Times “Powerful . . . Stillman’s talent as a writer makes this impossible [to stop reading], to the mustang’s benefit.” —Orion “A circumspect writer passionate about her purpose can produce a significant gift for readers. Stillman’s wonderful chronicle of America’s mustangs is an excellent example.” —The Seattle Times

A Woman's Place Maureen E. Reed 2005 A Woman’s Place, a collective biography of six remarkable twentieth-century New Mexicans, sheds light on the distinct role of women in shaping American multiculturalism. Maureen Reed recounts the lives of Mary Austin and Mabel Dodge Luhan, both Anglo American literary figures; Cleofas Jaramillo and Fabiola Cabeza de Baca, both Hispanic authors and folklorists; Kay Bennett, a Navajo writer and political activist; and Pablita Velarde, a Pueblo Indian painter and author. Reed shows how the emerging ideal of multiculturalism guided these women’s efforts to preserve tradition even as it limited their ability to speak honestly about their lives. They endured painful conflicts between the romanticized New Mexican home they boosted publicly and the traditional gender roles they
resisted privately. Their lives illustrate the difficulty of prioritizing both tradition and individualism, but they also testify to the invigorating possibilities of cultural change. From Maureen Reed's Introduction: As perceived keepers of homes, [New Mexican women] have passed down recipes, preserved folklore, and maintained customs. While such activities do not necessarily require that women lead traditional lives, women in New Mexico have experienced their own distinct form of homesickness in that they are perceived as needing to act traditionally in order to contribute to the state's multicultural mission.

Blood and Thunder Hampton Sides 2007-10-09 NATIONAL BESTSELLER • From the author of Ghost Soldiers comes a magnificent history of the American conquest of the West—"a story full of authority and color, truth and prophecy" (The New York Times Book Review). In the summer of 1846, the Army of the West marched through Santa Fe, en route to invade and occupy the Western territories claimed by Mexico. Fueled by the new ideology of “Manifest Destiny,” this land grab would lead to a decades-long battle between the United States and the Navajos, the fiercely resistant rulers of a huge swath of mountainous desert wilderness. At the center of this sweeping tale is Kit Carson, the trapper, scout, and soldier whose adventures made him a legend. Sides shows us how this illiterate mountain man understood and respected the Western tribes better than any other American, yet willingly followed orders that would ultimately devastate the Navajo nation. Rich in detail and spanning more than three decades, this is an essential addition to our understanding of how the West was really won.

Stony Mesa Sagas Chip Ward 2017-11-14 Pursued by a mad assassin after their arrest for chaining themselves to a mining site
gate, Luna Waxwing and Hip Hop Hopi seek refuge in the remote village of Stony Mesa. Immersed in the diverse cultures and conflicts of the contemporary West, the young couple struggles to understand the wild lands that surround them, while trying to understand one another. There are many versions of how that Fourth of July celebration in Stony Mesa, now known as the Apple Days Riot, unraveled but all agree that it started when Otis Dooley hit Bo Hineyman square in the back with a fresh horse turd. Splat! And the rest is history.

After living for four years in wilderness, Chip Ward moved to the edge of an environmental sacrifice zone, where he organized and led several campaigns to make polluters accountable. He co-founded HEAL Utah and served on the board of the Southern Utah Wilderness Alliance for several years. Starting as a bookmobile librarian, Ward ended his career as the assistant director of the Salt Lake City Public Library. He is the author of two books, Canaries on the Rim: Living Downwind in the West and Hope's Horizon: Three Visions for Healing the American Land. He writes regularly for Tomdispatch.com. His essay about homelessness, "How the Public Library Became the Heartbreak Hotel," is the inspiration for the movie The Public, now in production.

Across the River - an 1800s Black / Native American Novella Lisa Shea Part black. Part Irish. Part Lumbee Indian. Wholly determined to protect her family. Naomi Jackson made a mistake. Born in the tumultuous years following the American Revolution, she embraced change, excitement, and adventure. So when the Devil Bill Williams swaggered into town, she launched into his arms, determined that her love for him could overcome all obstacles. It couldn't. Now she has two young children, a life of misery, and a hopeless, desperate desire to escape. Then David Oxendine arrives for a Christmas visit - and things will never be the same. * * * Across the River - an 1800s Black / Native American Novella is the first in a series of novellas about Naomi Jackson's heartfelt, challenging life. These stories are based loosely on author Lisa Shea's real-life ancestor, Naomi Jackson, who was born in 1784 in Guilford County, North Carolina. Naomi's father had been taken from Northern Ireland as a child, while her mother was mixed-blood black, Lumbee, and Irish. Each novella has a cliff-hanger ending, much like Naomi's life. All proceeds from the Naomi Jackson series benefits local battered women's shelters. An important note for readers of my various series. Normally my content is quite "clean" with little to no swearing, violence, or physical intimacy. With this being based on the immense hardships my ancestor struggled through, I wanted to be authentic to the issues she rose above. This book therefore includes period-appropriate harsh language as well as several scenes of conflict. I gave a great deal of thought to including these and feel they are necessary to fully convey the trials she overcame. I apologize to those who feel uncomfortable reading that style of material. Please feel free to contact me at my website if you have any questions or comments - I thrive on your feedback.
