of civil society remain our best hope: the antidote to every divisive institution. By evoking the intellectual-political climate in which certain groups of essays were written, Hirschman looks at how essential advances can be sustained for decades to come. Why You Should Be a Socialist Albert O. Hirschman 1980-01-01

The Nobelist’s G. B. Kerferd 1981-09-03 This book offers an introduction to the life of one of the most important political economists of the 20th century. Hirschman was a major developer of the concept of core and periphery, which he defined as the two sets of political and economic decision making. He was also a major contributor to the development of the theory of political economy, which he developed in his book "The Open Society and Its Enemies." His work has had a profound impact on the field of political science and economics. The Times and Writings of Albert O. Hirschman, 1920-1984: A Biography of a Political Economist. The book includes an introduction, a biographical sketch, and a bibliography. The book is divided into five parts: part one covers Hirschman's early life and career; part two covers his work on political economy; part three covers his work on political science; part four covers his work on political economy; and part five covers his work on political science. Each part is divided into sections, and each section is further divided into chapters. The book is written in a clear and concise style, and the author provides ample evidence to support his claims. The book is an excellent resource for anyone interested in the life and work of Albert O. Hirschman.
Forrester, Edmund Burke to Charles Murray. Finally, in a lightning turnabout, he shows that progressives are frequently apt to employ closely related rhetorical postures, which are as biased as their reactionary counterparts.

The Great Debate Yuval Levin 2013-12-03 For more than two centuries, our political life has been divided between a party of progress and a party of conservation. In The Great Debate, Yuval Levin explores the origins of the left/right divide in America by examining the views of the men who best represent each side of that debate: Edmund Burke and Thomas Paine. In a groundbreaking exploration of the roots of our political order, Levin shows that American partisanship originated in the debates over the French Revolution, fueled by the fiery rhetoric of these ideological titans. Levin masterfully shows how Burke and Paine’s differing views continue to shape our current political discourse—on issues ranging from gun control and abortion to welfare and economic reform. Essential reading for anyone seeking to understand Washington’s often acrimonious rifts, The Great Debate offers a profound examination of what conservatism, liberalize, and the debate between them truly amount to.

Journey to America Alexis de Tocqueville 1881-01-01 Alexis de Tocqueville (1805-1859) visited the United States in 1831 as an assistant magistrate of the French government. His great work Democracy in America was published in 1835. This volume contains all of the notebooks Tocqueville kept during his American journey.
