Germany's Defeat in the First World War

David Herd 2017-01-01 00:00:00

Why did Germany lose the First World War? Was it because they were outgunned? Did they make crucial tactical mistakes? Or were they simply the victims of a failing strategy? This book addresses these questions in an examination of the German high command's war plans, their implementation, and the impact of events on the battlefield. It concludes that Germany's defeat was not caused by a lack of military capacity or leadership failure, but rather by a fundamental strategic error.

Britain's Economic Blockade of Germany 1914 1919

Mary Elisabeth Cox 2019-05-09 00:00:00

At the outbreak of the First World War, Great Britain quickly took steps to initiate a naval blockade of the German coast in an effort to starve Germany into submission. This book examines the British blockade as a central element of the war effort, considering its aims, strategies, and impact. It argues that the blockade was a failure due to the complex political, economic, and technological factors that challenged its effectiveness.

Germania's Defeat in the First World War

Greg Kennedy 2016-04-20 00:00:00

In Britain, memory of the First World War remains dominated by the trench warfare of the Western Front. Yet, in 1915, when the country declared war, the overwhelming expectation was that Britain's efforts would primarily be focused on the sea. As this book demonstrates, the sea was every bit as important as the land. The battle of the Atlantic was a vital factor in the outcome of the war, and the Battle of Jutland was a turning point in the conflict. This book highlights the importance of the sea in the First World War and the role of the Royal Navy in the German defeat.
