America. Kurt Wolff was born in Bohn into a highly cultured German-Jewish family, whose ancestors included converts to Christianity, among them Baron von Haber, whose desire to demand satisfaction in a duel sparked off bloody antisemitic riots. Always bookish, Kurt became a publisher at twenty-three, setting up his own firm and publishing Franz Kafka, Joseph Roth, Kari Kraus, and many other authors whose books would soon be burned by the Nazis. Fleeing Germany in 1933, a day after the Reichstag fire, Kurt and his second wife, Helen, sought refuge in France, Italy, and ultimately New York, where in a small Greenwich Village apartment they founded Pantheon Books. Pantheon would soon take its own place in literary history with the publication of Nobel laureate Boris Pasternak's novel Doctor Zhivago, and as the conduit that brought major European works to the States. But Kurt's taciturn son Niko, offspring of his first marriage to Elisabeth Merck, was left behind in Germany, where despite his Jewish heritage he served the Nazis on two fronts. As Alexander Wolff visits dusty archives and meets distant relatives, he discovers secrets that never made it to the land of fresh starts, including the connection between Hitler and the family pharmaceutical firm E. Merck, and the story of a half-brother Niko never knew. With surprising revelations from never-before-published family letters, diaries, and photographs, Endpapers is a moving and intimate family story, weaving a literary tapestry of the perils, triumphs, and secrets of history and exile. Rethinking Latino-Americans Jeff Lesser 2008 These essays by noted scholars place Latin America's Jews squarely within the context of both Latin American and Ethnic Studies, a significant departure from traditional approaches that have treated Latin American Jewry as a subset of Jewish Studies.

Ilan Stavans Neal Sokol 2004-05-25 "Ilan Stavans has emerged as Latin America's liveliest and boldest critic and most innovative cultural enthusiast," states the Washington Post. And the New York Times described him as "the czar of Latino literature in the United States." But his influential oeuvre doesn’t address Hispanic culture exclusively. It has also opened fresh new vistas into Jewish life globally, which has prompted the Forward to portray Stavans as "a maverick intellectual whose canonical work has already produced a whole array of marvels that are redefining Jewishness." Neal Sokol devoted almost a decade to the study of Stavans’s work. He applies his substantial knowledge to this candid, thought-provoking series of eight interviews. In them Stavans is caught at the vortex where his Mexican, Jewish, and American heritages meet. He discusses everything from the formative influences that shaped his worldview to anti-Semitism, sex and gender, and developing societies, dwells on his admiration for Don Quixote and his passion for dictionaries, and reflects on his groundbreaking, controversial research on Spanglish—the hybrid encounter of English and Spanish that infuriates the Royal Academy in Madrid and also makes people describe Stavans as "the Salman Rushdie of the Hispanic world." Sokol shrewdly tests Stavans’s ideas and places them in context. By doing so, he offers a map to the heart and mind of one of our foremost thinkers today—an invaluable tool for his growing cadre of readers.
