Prophecy And Hermeneutic In Early Christianity New Testament Essays

Getting the books Prophecy And Hermeneutic In Early Christianity New Testament Essays now is not type of inspiring means. You could not abandoned going taking into consideration books hoard or library or borrowing from your contacts to admittance them. This is an unconditionally easy means to specifically acquire guide by on-line. This online statement Prophecy And Hermeneutic In Early Christianity New Testament Essays can be one of the options to accompany you with having additional time.

It will not waste your time. recognize me, the e-book will unconditionally heavens you new situation to read. Just invest tiny era to read this on-line message Prophecy And Hermeneutic In Early Christianity New Testament Essays as well as evaluation them wherever you are now.

Commentary on the New Testament Use of the Old Testament
G. K. Beale 2007-11-01 Readers of the New Testament often encounter quotes or allusions to Old Testament stories and prophecies that are unfamiliar or obscure. In order to fully understand the teachings of Jesus and his followers, it is important to understand the large body of Scripture that preceded and informed their thinking. Leading evangelical scholars G. K. Beale and D. A. Carson have brought together a distinguished team to provide readers with a comprehensive commentary on Old Testament quotations, allusions, and echoes that appear from Matthew through Revelation. College and seminary students, pastors, scholars, and interested lay readers will want to add this unique commentary to their reference libraries. Contributors Craig L. Blomberg (Denver Seminary) on Matthew Rikk E. Watts (Regent College) on Mark David W. Pao (Trinity Evangelical Divinity School) and Eckhard J. Schnabel (Trinity Evangelical Divinity School) on Luke Andreas J. Köstenberger (Southeastern Baptist Theological Seminary) on John I. Howard Marshall (University of Aberdeen) on

Beale (Wheaton College Graduate School) and Sean M. McDonough (Gordon-Conwell Theological Seminary) on Revelation The Old Testament in Early Christianity Edward Earle Ellis 1991

Fulfilling the Law and the Prophets Matthew Anslow 2022-07-18 Matthew’s Gospel makes mention of prophets and prophecy more than any other canonical Gospel. Yet
its perspective on prophecy has generally been neglected within biblical scholarship when, in fact, Jesus’ prophetic vocation is a central christological theme for Matthew. This new study by Matthew Anslow seeks to draw attention to this underdeveloped focus within Matthean studies. The central claim of the book is that in Matthew’s Gospel, Jesus’ prophetic vocation is presented as a multi-faceted phenomenon, drawing on several prophetic traditions. Like biblical and popular prophets before him, Jesus is depicted by Matthew as calling Israel back to covenantal faithfulness, thereby providing guidance for the identity, theology, and communal life of God’s people.

Women Officeholders in Early Christianity
Ute E. Eisen 2000
Here Ute E. Eisen provides a scholarly investigation of the evidence that women held offices of authority in the first centuries of Christianity. Topics include apostles, prophets, theological teachers, presbyters, enrolled widows, deacons, bishops, and oikonomae. The book concludes with a chapter on "source-oriented perspectives for a history of Christian women in official positions."

After the Corinthian Women Prophets
Joseph A. Marchal 2021-06-28
Rhetoric, Power, and Possibilities Thirty years after the publication of Antoinette Clark Wire’s groundbreaking The Corinthian Women Prophets, an interdisciplinary, international, and intergenerational group of scholars reflects upon Wire’s impact on New Testament scholarship. Essays pursue further historical and theoretical possibilities, often in search of marginalized people, including the women of Corinth, using feminist, rhetorical, materialist, decolonizing, queer, and posthumanist approaches to interpret Paul’s letters and the history of ancient Mediterranean assemblies. Contributions from Cavan Concannon, Arminta Fox, Joseph A. Marchal, Shelly Matthews, Anna Miller, Jorunn Økland, and Antoinette Clark Wire reconsider how both the methods and results of Wire’s work reveal the possibilities of other people beside Paul who are worth our attention and effort. The essays in this collection introduce students and scholars to the possibilities of interdisciplinary and intersectional approaches for engaging the broader Pauline corpus.

Prophecy and Hermeneutic in Early Christianity
Ellis, Edward Earle 1978
Interpretation of Tongues and Prophecy in 1 Corinthians 12-14, with a Pentecostal Hermeneutics
Jeon Ahn Yongnan 2019-05-21
Not My People
David Ian Starling 2011
On several occasions within the Pauline corpus, scriptural texts which seem to refer in their original contexts to the return of exiled or scattered Jews are appropriated as references to Gentile believers in Christ. This book is an investigation of four such instances (the use of Isa. 54:1 in Gal. 4:27, the catena of scriptural texts in 2 Cor. 6:16 18, Hos. 1:10 and 2:23 in Rom. 9:25 26 and Isa. 57:19 in Eph. 2:17). It offers insights into the
exegesis of these particular verses and sheds light on several larger questions of Pauline hermeneutics and theology."

Prophecy and Hermeneutic in Early Christianity Edward Earle Ellis 1978

Systematic Theology, Volume 2, Second Edition James Leo Garrett Jr. 2014-09-14 "Rivals the major systematic theologies of this century." --Baptist History and Heritage Journal, July 1996 "One of the characteristics of Garrett's system that needs especially to be noted is its balanced, judicious, and nearly invariably objective presentation of materials. While holding true to the teachings of his own Baptist faith, Garrett so carefully and judiciously presents alternatives . . . that teachers and students from other confessional and denominational positions will find his work instructive." --Consensus, 1997 "If one is searching for an extensive exposition of the biblical foundations and historical developments of the various loci of systematic theology, there is no more complete presentation in a relatively short work than this . . . Pastors will especially find this feature to be a real help in teaching theology . . . [It is] an indispensable contribution to the task of systematic theology." --Journal of the Evangelical Theological Society, September 1999 "Many students and pastors will find all they need here, and will in addition be helped to relate their knowledge to recent developments in the theological world." --The Churchman: A Journal of Anglican Theology, 1991 "A gold mine of helpful material." --The Christian Century, May 29-June 5, 1991 "No book that I know is more loaded with biblical and theological facts than this one. The prodigious research that must have gone into the preparation of this volume is truly mind-boggling." --Faith and Mission, Fall 1991 "Garrett has provided a massive and scholarly systematic theology from a thoroughly conservative and comprehensive viewpoint. The work is well documented in both biblical and historical scholarship and will prove to be a classic." --William Hendrickson, Southern Baptist Theological Seminary "One of the most comprehensive, concise books of its type available; it should receive wide use in the classroom and in the study." --Robert H. Culpepper, Southern Baptist Theological Seminary

The Character of Christian Scripture Christopher R. Seitz 2011-10-01 An internationally renowned expert in canonical interpretation illuminates the two-testament character of Scripture and its significance for the contemporary church.

History and Exegesis Edward Earle Ellis 2006-02-23 A festschrift presented to New Testament E. Earle Ellis on his eightieth birthday. >

Ephesians Benjamin L Merkle 2016-08-01 The Exegetical Guide to the Greek New Testament (EGGNT) closes the gap between the Greek text and the available lexical and grammatical tools, providing all the necessary information for greater understanding of the text. The series makes interpreting any given New Testament book easier, especially for those who are hard pressed for time but want to preach or teach with accuracy and authority. Each volume begins with a brief introduction to the particular New Testament book, a basic outline, and a list of recommended commentaries. The body is devoted to paragraph-by-paragraph exegesis of the Greek text and includes homiletical helps and suggestions for further study. A comprehensive exegetical outline of the New Testament book completes each EGGNT volume.

Isaiah and Prophetic Traditions in the Book of Revelation Jan Fekkes III 1994-01-01 This work is concerned with the influence of biblical and prophetic traditions on the author of the book of Revelation, and in particular his use of the prophecies of Isaiah. First, John's own prophetic consciousness and expression is compared with previous Israelite-Jewish and early Christian prophetic conventions. This is followed by an evaluation of John's use of the OT in general, including a discussion of methodology for isolating allusions, the question of the validity of the terms quotation and
allusion in Revelation, and the presence of thematic patterns in the author's choice of Scripture. All this is foundational to the main portion of the work (Ch. III), where a detailed analysis is undertaken to determine the validity of all proposed allusions to Isaiah in the book of Revelation. Of the 72 suggested allusions treated, 40 were judged as certain or virtually certain, 24 were considered as unlikely or doubtful, and 8 were appraised as probable or possible. Those allusions which were accepted received further evaluation to see how and why they were used by John, with special attention given to the tradition-history of the passage used, and the possible interpretative techniques employed. A variety of exegetical and literary devices were uncovered, including the use of catchwords, inclusio, repetition of texts, exploitation of Hebrew parallelism, and the collection of texts around a central theme. Furthermore, John's use of Isaiah is concentrated in basic areas, with clusters of Isaiah texts appearing in specific sections of Revelation. The principal Isaian themes with which he is interested are holy war and the Day of the Lord, oracles against the nations, and salvation prophecies relating to the community of faith and the restored and glorified Jerusalem. It was concluded that on the whole, John's use of Isaiah is not random, and he does not use the OT texts merely as a visionary resource for language, phrases, structural patterns etc. But he consciously carries on the prophecies of his biblical predecessors and invokes their authority. The remnants and results of John's interpretation of Isaiah presuppose exegetical activity and application prior to the vision experience and it is likely that at least some of his intended readers were familiar not only with his theological concerns, but also with his methodological approach.

Prophecy and Hermeneutic in Early Christianity

E. Earle Ellis 2003-06-12

'Prophecy and Hermeneutic in Early Christianity' was written with the conviction that the New Testament presents to its readers not merely the opinions of Christian writers, but also the message of God mediated through faithful prophets. These prophets initiated and interpreted the first proclamation of the Christian faith - a proclamation that continues to enlighten and to guide the church, for it provides a key to the church's history and theology. The prophets in this study are the pneumatics, those early Christians who are characterized by spiritual gifts of inspired speech and discernment, who are coworkers of Paul engaged in preaching and teaching. While some were perverting their gifts and thereby causing strife in the church, Paul's companions had an active role in its missionary enterprise. Dr. Ellis examines the dispute between the two parties which threatened to destroy the unity and faith of the church. The pneumatics were involved in the formulation of a Christian theology of the Old Testament through their exposition and application of Scripture. Dr. Ellis describes and elaborates upon the interpretative principles which they used. He concludes with a critique of the older form criticism of the gospels and suggests some new directions for understanding the history of the transmission of the teaching of Jesus.

Pauline Theology

E. Earle Ellis 2005-02-08

1 Corinthians

Thomas R. Schreiner 2018-10-02

The cosmopolitan city of Corinth was the site of one of the apostle Paul's greatest evangelistic successes. However, the church he founded was full of contention. In response, Paul offered some of his most profound thinking on the body of Christ, love, and Jesus' cross and resurrection. In this Tyndale commentary Thomas Schreiner explains the text of the letter, highlights its major theological themes, and points to its relevance for today.

Christian Prophecy

Niels Christian Hvidt 2007-04-19

Niels Christian Hvidt argues that prophecy has persisted in Christianity as an inherent and continuous feature in the life of the church. He presents a comprehensive history of prophecy from ancient Israel onwards and closely examines the development of theological discourse about it.
Prophecy and Hermeneutic in Early Christianity

E. Earle Ellis 2003-06-12

'Prophecy and Hermeneutic in Early Christianity' was written with the conviction that the New Testament presents to its readers not merely the opinions of Christian writers, but also the message of God mediated through faithful prophets. These prophets initiated and interpreted the first proclamation of the Christian faith - a proclamation that continues to enlighten and to guide the church, for it provides a key to the church's history and theology. The prophets in this study are the pneumatics, those early Christians who are characterized by spiritual gifts of inspired speech and discernment, who are coworkers of Paul engaged in preaching and teaching. While some were perverting their gifts and thereby causing strife in the church, Paul's companions had an active role in its missionary enterprise. Dr. Ellis examines the dispute between the two parties which threatened to destroy the unity and faith of the church. The pneumatics were involved in the formulation of a Christian theology of the Old Testament through their exposition and application of Scripture. Dr. Ellis describes and elaborates upon the interpretative principles which they used. He concludes with a critique of the older form criticism of the gospels and suggests some new directions for understanding the history of the transmission of the teaching of Jesus.

The Nationality of the New Testament

E. Earle Ellis 2003-03-18

The use of the Old Testament in the New has long been recognized as an important field of research," writes the author. Too often, however, the emphasis placed upon rabbinic and Hellenistic influences has tended to subordinate and obscure the unique place of the Old Testament in the minds and theology of the early Christian writers." The purpose of this volume is to discover the rationale underlying the Pauline usage both in its textual manifestation and in its theological application." The author concludes that, while rabbinic Judaism has influenced the mechanics of Pauline citation, one must look to the apostolic Church and to Christ Himself to find the primary source of the apostle's understanding and use of the Old Testament.

The Character of Christian Scripture (Studies in Theological Interpretation)

Christopher R. Seitz 2011-10-01

The early church received the Scriptures of Israel as Christian Scriptures and did not change them. The older testament was received as a witness to God, and when a newer testament emerged, the older was not dismissed, harmonized, or edited. Rather, the church moved forward with a two-testament witness. Christopher Seitz, an internationally renowned expert in canonical interpretation, illuminates the two-testament character of Scripture and its significance for the contemporary church. He interacts critically with current interest in the New Testament's use of the Old Testament and addresses an issue of perennial concern: how to hear both testaments as Christian witness.

The Interpreting Spirit

Hannah R. K. Mather 2020-10-08

The Interpreting Spirit is both a consideration of the Spirit's role in the interpretation of Scripture and a celebration of renewal scholarship. It examines those who have focused on the Spirit's role in their hermeneutical considerations, recognizing common, uniting themes amidst the diversity of scholarly approach and opinion. Working on the principle that the Spirit communicates in ways that seek to unify and celebrate the other, Mather works diachronically from 1970, identifying and drawing together these common, uniting hallmarks into a collective understanding. Pivotal to Mather's argument is her emphasis that we do not just interpret Scripture, but that the Spirit through Scripture, and working in our lives in ways that lead us towards Scripture, interprets us. The Interpreting Spirit is the first comprehensive analysis of the conversation surrounding pneumatic interpretation that has been taking place, particularly among renewal scholars, since 1970. It seeks to answer the notoriously difficult question, "What does the Spirit do in the process of biblical interpretation?"

Biblical Hermeneutics

Bruce Corley 2002-04-15

Theological Interpretation
Hermeneutics is a textbook for introductory courses in hermeneutics. It takes an interdisciplinary approach that is both balanced and practical with six major areas of focus: the history of biblical interpretation, philosophical presuppositions, biblical genre, the uniqueness of Scripture, the practice of exegesis, and use of exegetical insights that will be lived and communicated in preaching and teaching. Biblical Hermeneutics is designed for students who have little or no knowledge of biblical interpretation. It provides, in one volume, resources for gaining a working knowledge of the multi-faceted nature of biblical interpretation and for supporting the practice of exegesis on the part of the student. The first chapter "A Student's Primer for Exegesis" by Bruce Corley gives the student a bird's eye view of the entire process. It becomes for the student a kind of template to which they will return again and again as they engage in the process of exegesis. This revised edition of Biblical Hermeneutics contains seven new chapter that deal with the major literary genre of Scripture: law, narrative, poetry, wisdom, prophecy, Gospels and Acts, epistles, and apocalyptic. The unique nature of Scripture is presented in part three that addresses the authority, inspiration, and language of Scripture. The book contains two extensive appendices, "A Student's Glossary for Biblical Studies" and an updated and expanded version of "A Student's Guide to Reference Books and Biblical Commentaries. Text in Context A. D. H. Mayes 2000-09-07 The scholarly study of the Old Testament is now marked by a rich diversity of approaches and concerns. In the last two decades, an interest in the text and the implications for its interpretation is no longer the preserve of a single scholarly community, while the reconstruction of the history of the people from whom it derived has been transformed by new methods. This new book published under the auspices of the Society for Old Testament Study reflects these new approaches and developments, and has a particular concentration on literary and historical study. Thus, it not only clearly recognizes the diversity now inherent in 'Old Testament study', but also welcomes the integration into its field of the wide range of approaches available in current literary and historical investigation. The study of the biblical text and how it is received and interpreted by its various readerships has a certain logical priority over the study of its historical background and authorship. Yet an ongoing investigation of issues relating to the latter cannot await definitive conclusions on the former. So, essays on the text and its reception discuss primary issues which arise in Old Testament study, while those on background and authorship reflect the continued vitality of, and the fresh perspective possible in, more traditional scholarly concerns. Hearing the Old Testament in the New Testament Stanley E. Porter 2006-08-10 How does the New Testament echo the Old? Which versions of the Hebrew Scriptures were authoritative for New Testament writers? The appearance of concepts, images, and passages from the Old Testament in the books of the New raises important questions about textual versions, allusions, and the differences between ancient and modern meaning. Presenting essays from a range of distinguished scholars, Hearing the Old Testament in the New Testament begins by laying out the foundational issues and then investigates the use of the Old Testament in specific segments of the New Testament. A concluding chapter by Andreas Kostenberger both questions and affirms the previous contributors' findings, offering much-needed direction for further inquiry into this vital area of biblical study. Helping Jesus Fulfill Prophecy Robert J Miller 2017-01-26 It's obvious that Jesus fulfilled prophecies about the promised Messiah - or so the gospels make it seem. But the real story is more complex, and more compelling. In hindsight we can see that Jesus had help fulfilling prophecy. The gospel writers skillfully manipulated prophecies - carefully lifting them out of context, creatively reinterpreting them, even rewriting them - to match what Jesus would do in fulfilling them. The evangelists also used the prophecies themselves to
shape the very stories that show their fulfillment. This book describes in detail how Christian authors helped Jesus fulfill prophecy. Studies of Greek oracles, the Dead Sea Scrolls, translations of the Hebrew Scriptures into Greek and Aramaic, and the writings of Josephus explore the interpretive techniques that paved the way for the New Testament's manipulation of prophecy. This book analyzes how the belief that Jesus fulfilled prophecy became an argument to justify a new notion: the view that Christians had replaced Jews as God's chosen people. An aggressive anti-Judaism is analyzed in chapters on patristic theologians such as Justin Martyr and Augustine, who embedded it into the argument from prophecy. The book concludes with an ethical argument for why Christians should retire the argument from prophecy.

Revelation, Literature, and Community in Late Antiquity

Ephesians
Harold W. Hoehner 2002-12-01 Harold Hoehner has taught biblical exegesis to thousands of students over the years. He now brings that experience to bear on this important work. He begins with a helpful introduction to the letter of Ephesians in which he addresses issues of authorship, structure and genre, historical setting, purpose, and theology. At the end of the introduction, the author includes a detailed bibliography for further reading. Hoehner then delves into the text of Ephesians verse by verse, offering the Greek text, English translation, and detailed commentary. He interacts extensively with the latest scholarship and provides a fair and thorough discussion of every disputed point in the book. Pastors, students, and scholars looking for a comprehensive treatment on Ephesians will be interested in this commentary. Hoehner's interaction with the latest scholarship combined with his detailed exegesis will make this new commentary the only resource they will need to consult.

The Old Testament in Early Christianity
E. Earle Ellis 2003-06-12 In this paperback edition of an important historical study, E. Earle Ellis examines the Old Testament canon in the early church and biblical interpretation in the New Testament. He writes from the conviction that "the use of the Old Testament by the New Testament writers is the primary key to their theology and, thus, to the message of God that they taught the early church and that they continue to teach the church today."

Best Bible Books
John Glynn 2018-03-30 There are thousands of excellent resources in the field of New Testament studies. But which tools are best for sermon preparation, topical study, research, or classroom study? In Best Bible Books, the authors review and recommend hundreds of books, saving pastors, students, and scholars time, effort, and money. Glynn and Burer examine commentaries on every book of the New Testament, describing their approach, format, and usability; they then rank them on a scale of good, better, and best. Other chapters survey special studies for each New Testament book as well as books in related disciplines such as historical background, language resources, and hermeneutics. Also included are helpful chapters on building a must-have personal library, and identifying books that comprise the ultimate New Testament commentary collection. This is an indispensable resource for any serious student of the Bible.

Prophecy in Early Christianity and the Ancient Mediterranean World
David E. Aune 2003-08-12 Aune's comprehensive study of early Christian prophecy includes a review of its antecedents (Greco-Roman oracles, ancient Israelite prophecy, prophecy in early Judaism), a discussion of Jesus as prophet, and analyses of Christian prophetic speeches from Paul to the middle of the second century A.D. The most detailed study of early Christian prophecy written, Aune's book places the phenomenon of early Christian prophecy within the larger Greco-Roman world.

Prophecy and Inspired Speech in Early Christianity and Its Hellenistic Environment
Christopher Forbes 1995

Paul and His Recent Interpreters
E. Earle Ellis
Prophecy and Hermeneutics (Studies in Theological Interpretation) Christopher R. Seitz 2007-08-01 A fresh wave of studies on the prophets has appeared in recent years. Old Testament scholar Christopher R. Seitz has written Prophecy and Hermeneutics as a way of revisiting, from the ground floor up, what gave rise to studies of the prophets in our modern period. In addition, Seitz clearly shows that a new conceptuality of prophecy, hermeneutics, history, and time is needed—one that is appropriate to current views on Isaiah and the Twelve. Scholars, students, professors, and theological libraries will find this an essential foundational resource.

The Hermeneutics of the Biblical Writers Abner Chou 2018-02-23 A method of interpretation—a hermeneutic—is indispensable for understanding Scripture, constructing theology, and living the Christian life, but most contemporary hermeneutical systems fail to acknowledge the principles and practices of the biblical writers themselves. Christians today cannot employ a truly biblical view of the Bible unless they understand why the prophets and apostles interpreted Scripture the way they did. To this end, Abner Chou proposes a "hermeneutic of obedience," in which believers learn to interpret Scripture the way the biblical authors did—including understanding the New Testament's use of the Old Testament. Chou first unfolds the "prophetic hermeneutic" of the Old Testament authors, and demonstrates the continuity of this approach with the "apostolic hermeneutic" of the New Testament authors.

Paul the Apostle to America Robert Jewett 1994-01-01 Using a nontechnical presentation of recent research and a sometimes-whimsical treatment of contemporary artifacts, Robert Jewett shows how Paul engages and challenges American society in unexpected ways. He offers preliminary explorations of the relevance of Paul's letters to the American scene and exploits the resources of scientific biblical research that allow Paul's message to be clarified. Important trends in American culture, including popular entertainment and books, are brought into interaction with freshly discovered aspects of Pauline thought.

From Prophecy to Preaching A. Stewart-Sykes 2001-06-14 This is the first full-length study of the origins of preaching in Christianity. It traces communication in the Christian assembly from its household origins to the emergence of recognizable homiletic discourse in the third century.
