many of the themes which have him written about, most notably the emergence of a global critical discourse on law and its application to global governance. As law becomes more and more global in its application and as processes related to it grow driven by globalization toward international legal systems at all levels, political science, law, and international law must respond. This volume is addressed to the scholars of these three disciplines: political scientists, lawyers, and international relations scholars. It consists of a set of essays by specialists in these three disciplines, presented in a somewhat traditional order, offering both theoretical and methodological reflections, and regional initiatives, explicate the governance of labour and development policy in the EU, and discuss the changing role of layers in a global regulatory space.

Writing Center Talk Over Texts in This World 2018-09-17 It is the 15 to 20 years, writing centers have placed greater importance on tutor training, focusing on teaching tutor best practices in training student writers’ engagement and writing skills. Writing Center Talk Over Texts explores the importance of writing center research on teaching and training tutors. In this issue, the editors focus on two key areas that are important for writing centers across the globe. They discuss the importance of tutor training, and the need for writing centers to consider the role of technology in their work. The editors also address the need for more research on writing center pedagogy, and the importance of considering the role of technology in teaching and training tutors.
