Catholic Spirituality and Prayer in the Secular City Robert A. Burns 2008 Catholic Spirituality and Prayer in the Secular City presents the role of religion and spirituality in a rapidly changing religious scenario. Author Robert A. Burns explores ways Catholics have been called upon to develop their spiritual lives in the most religious pluralistic society that has ever existed.

Religion in the Megacity Phillip Berryman 2006-09-01 Berryman writes against the background of the rise of "megacities" - the sprawling urban centers that are the home of most of Latin America's population. In that context he contrasts Sao Paulo and Caracas. The Catholic Archdiocese of Sao Paulo, under Cardinal Arns and progressive Catholics, was a major point of resistance to military dictatorship. It is also a city in which Protestant Pentecostal churches especially have enjoyed explosive growth. Berryman's sure-footed feel for what is happening gives the reader a concrete feel for what is happening in both Protestant and Catholic communities. Caracas, Berryman shows, is a very different kind of megacity, one that a Protestant missionary called "the Secular City", a place where the relative wealth and consumer lifestyle make it hard for the Gospel to take hold. Catholic and Protestant churches in Caracas face challenges quite different from those of Sao Paulo. Religion in the Megacity explores those similarities and differences within the respective cities and between them. Berryman breaks new ground in showing the way in which Catholics and Protestants face similar situations, and he does so in a dynamic, readable style that gives the reader insights from knowledgeable men and women on the ground who show that facile stereotypes about what is happening in Latin America today need to be corrected.

Heaven’s Gates and Hell’s Flames Savio Abreu 2019-12-10 Pentecostal-Charismatic Christianity is one of the largest religious movements in the world today. It is a recent form of Christianity that emphasizes direct personal experience of God through baptism with the Holy Spirit. While the literature on Pentecostalism is constantly rising, they mostly focus on Western societies and are from a theological perspective. There is a dearth of well-researched studies that critically...
analyse the phenomenon of Pentecostal–Charismatic Christianity in India. Addressing this gap, Heaven’s Gates and Hell’s Flames focuses on groups at the periphery of the religious space in Goa, while locating them within Christianity globally. It broadens our understanding of Pentecostal–Charismatic Christianity in Goa as a rapidly expanding and overtly evangelistic movement within a pluralist, non-Christian society. Abreu assesses the impact of religion on society, analysing how the symbols, beliefs, rituals, and organizational structure of the neo-Pentecostal sects and the Catholic Charismatic Renewal influence religious identities, world views, and the everyday life activities of individual adherents. This the author does by drawing on extensive fieldwork, concepts, analyses, and interpretations provided by scholars of religion in sociology, anthropology, history, as well as theology.

They Speak with Other Tongues John L. Sherrill 1999-01-01 How a skeptical journalist was introduced to the charismatic renewal and to the phenomenon of speaking in tongues.

Confessions of a Born-Again Catholic Daniel F. Wiegand 2010-12 HAVE YOU EVER WONDERED * What it means to be "born again"? * If Jesus is really present in communion? * If it is okay to go to Mary and the Saints in prayer? * How faith and works are related to salvation? * If the baptism in the Holy Spirit is for real? * What the Catholic Mass is really all about? * Why the Catholic Bible has more books than other Bibles? * If the rules and traditions of the Catholic Church are Scriptural? * What happened century by century in Catholic Church history--and why? * What God has to say about Christian unity? This book answers these questions and many others from the down-to-earth viewpoint of attorney Daniel Wiegand who, after confronting his own questions about Christianity and Catholicism, explored the Bible and became a born again, Bible believing, Spirit filled, Catholic. If you're not familiar with the term "born again," don't worry. This book is definitely Catholic and has received the Nihil Obstat and Imprimatur. If you'd like to be a better informed Catholic, have a greater understanding and appreciation of your faith, get more out of Mass, have a closer relationship with Jesus and the Holy Spirit and be able to respond to those who say the Catholic Church isn't scriptural, read this book. If you have a friend or loved one who has left the Catholic Church, this book may draw them back. If you're a former Catholic or a non-Catholic who has questioned the scriptural basis for Roman Catholicism, this book will benefit you as well. With over 600 Scripture references and quotations the author literally makes the case for Roman Catholicism. WHAT DR. FRANS BRANDT, Ed.D, ABMP SAYS In his Foreword to the book, Dr.Brandt, author of ten books published in several countries, says "Both Catholic and non-Catholic Christians-as well as anyone who has even the slightest interest in the Bible, spirituality, or Church history-will be greatly blessed by reading this book. ...Wiegand has written the kind of book, perhaps even the book, that may play a major role in bringing about greater unity to the body of Christ."

The Lord's Recovery and the Present Situation of Religion Witness Lee 2006-02-01 This book uncovers the present religious age which has become a great distraction to God’s people. The Lord’s desire in His recovery is to rescue the believers from the deceit of the age that they might take Christ as life for the building up of the church as the Body of Christ. The book concludes with practical fellowship on how the believers of all ages can rise up in coordination to work together with God for the advance of His recovery on the whole earth.

Living in the Spirit James E. Byrne 1975 Call to Holiness Paul Josef Cordes 1997 The charismatic renewal is a sign of the continuing relevance of the Holy Spirit for the baptized and gives life and direction to the Church in its mission in the world. Appearing soon after the close of Vatican II, the charismatic renewal has been one of a number of movements of the Spirit in the Church marked by a call to holiness and evangelization. Call to Holiness gathers the wisdom within the renewal, thirty years after its beginnings, to help guide its continued life. This document evolved out of several years of consultation with leaders, theologians, and bishops associated with the charismatic renewal from various national backgrounds. Theologians not associated with the charismatic renewal have also been consulted. The document covers the vocation to holiness, the experience of the
Spirit, Baptism in the Holy Spirit, the charisms, forms of community life, and the call to evangelize. Chapters are The Spiritual Renewal Coming from the Council, "The Experience of the Holy Spirit and its Fruits," and "Gifted for Mission." Archbishop Paul Josef Cordes is President of the Pontifical Council Cor Unum. He was Vice-President of the Pontifical Council for the Laity from 1981-1996. For ten years he was, at the appointment of Pope John Paul II, the "Episcopal Advisor" to the International Catholic Charismatic Renewal Services (ICCRS) in Rome. In this capacity he followed His Eminence Cardinal Leon-Joseph Suenens, the late Archbishop of Malines, Belgium. "Roman Catholic/Pentecostal Dialogue (1977-1982) Jerry L. Sandidge 1987 Vatican II opened the doors of the Roman Catholic Church for official theological dialogue with «separated brethren.» The rise of the neo-Pentecostal movement and charismatic renewal caused the doors of the historical Pentecostals to open toward Christians in the mainline churches. This book discusses the historical precedents of the Vatican/Pentecostal Dialogue and reviews the ten-years Dialogue (1972-1982), with special attention given to the second five years. The implications of this Dialogue for ecumenism is also discussed. Volume Two contains all the documents from the second quinquennium, including the 16 theological papers and final report.

Latino Catholicism Timothy Matovina 2011-11-07 How Latino Catholics and America are transforming each other Most histories of Catholicism in the United States focus on the experience of Euro-American Catholics, whose views on social issues have dominated public debates. Latino Catholicism provides a comprehensive overview of the Latino Catholic experience in America from the sixteenth century to today, and offers the most in-depth examination to date of the important ways the U.S. Catholic Church, its evolving Latino majority, and American culture are mutually transforming one another. In Latino Catholicism, Timothy Matovina highlights the vital contributions of Latinos to American religious and social life, demonstrating in particular how their engagement with the U.S. cultural milieu is the most significant factor behind their ecclesial and societal impact.

Catholic Charismatic Renewal And Life In The Spirit: Understanding the Holy Spirit, His Gifts, the Pentecost Experience and Building an Ever-Deepening Michael Attah Onuh 2019-09-05 The book, "Catholic Charismatic Renewal and Life in the Spirit" is a must read for all Christians who desire the deeper understanding of the Holy Spirit and the Pentecostal experience. It is a book that will help one to understand the work of the third Person of the Blessed Trinity, God the Holy Spirit and to maintain an ever-deepening relationship with Him. It illuminatingly explains gifts, in particular the gifts of prophecy and tongues which the author depicted as the prominent gifts of Pentecost. He maintains that the Fresh Outpouring of Pentecost is a continuous event and explains the purpose of sending the Holy Spirit. The author argues that the gift of tongues is for every baptised Christian but not mandatory, and he elaborately explains the spiritual benefits of the gift of tongues, as well as how to desire the gift of tongues and indeed other gifts. The evidence of the author’s knowledge of the bible was amazing as he underpins all his claims with precise quotations from the Holy Book. This book is timely because it is only through the work of the Spirit that the tide of our contemporary society, in which shameful sins are increasingly being applauded, supported and even legally enthroned, will be turned. The understanding of the renewal leads to life in the Spirit which this book aims to foster. I therefore encourage you not only to get this book, but also to read it for the all-important understanding and to deepen relationship with God.

Pentecostals and Charismatics in Latin America and Latino Communities  Néstor Medina
2015-09-30 Pentecostal-charismatics in Latin America and among Latinos: communities that share profound historical, linguistic and cultural roots. This compilation brings together practitioners and academics with pentecostal-charismatic affiliations, who analyse from within the development of the movement among these diverse communities.

Competitive Spirits  R. Andrew Chesnut
2003-08-07 For over four centuries the Catholic Church enjoyed a religious monopoly in Latin America in which potential rivals were repressed or outlawed. Latin Americans were born Catholic and the only real choice they had was whether to actively practice the faith. Taking advantage of the legal disestablishment of the Catholic Church between the late 1800s and the early 1900s, Pentecostals almost single-handedly built a new pluralist religious economy. By the 1950s, many Latin Americans were free to choose from among the hundreds of available religious "products," a dizzying array of religious options that range from the African-Brazilian religion of Umbanda to the New Age group known as the Vegetable Union. R. Andrew Chesnut shows how the development of religious pluralism over the past half-century has radically transformed the "spiritual economy" of Latin America. In order to thrive in this new religious economy, says Chesnut, Latin American spiritual "firms" must develop an attractive product and know how to market it to popular consumers. Three religious groups, he demonstrates, have proven to be the most skilled competitors in the new unregulated religious economy. Protestant Pentecostalism, the Catholic Charismatic Renewal, and African diaspora religions such as Brazilian Candomble and Haitian Vodou have emerged as the most profitable religious producers. Chesnut explores the general effects of a free market, such as introduction of consumer taste and product specialization, and shows how they have played out in the Latin American context. He notes, for example, that women make up the majority of the religious consumer market, and explores how the three groups have developed to satisfy women's tastes and preferences. Moving beyond the Pentecostal boom and the rise and fall of liberation theology, Chesnut provides a fascinating portrait of the Latin American religious landscape.

The Catholic Charismatics  Richard J. Bord
1983
The Oxford Handbook of Catholic Theology  Lewis Ayres 2019-03-28 The Oxford Handbook of Catholic Theology provides a one-volume introduction to all the major aspects of Catholic theology. Part One considers the nature of theological thinking, and the major topics of Catholic teaching, including the Triune God, the Creation, and the mission of the Incarnate Word. It also covers the character of the Christian sacramental life and the major themes of Catholic moral teaching. The treatments in the first part of the Handbook offer personal syntheses of Catholic teaching, but each offers an account in accord with Catholic theology as it is expressed in the Second Vatican Council and authoritative documentation. Part Two focuses on the historical development of Catholic Theology. An initial section offers essays on some of Catholic theology's most important sources between 200 and 1870, and the final section of the collection considers all the main movements and developments in Catholic theology across the world since 1870. This comprehensive volume features fifty-six original contributions by some of the best-known names in current Catholic theology from the Americas, Europe, Asia, and Africa. The chapters are written in an engaging and easily comprehensible style functioning both as a scholarly reference and as a survey of the field. There are no comparable studies available in one volume and the book will be an indispensable reference for students of Catholic theology at all levels and in all contexts.

An Introduction to the Catholic Charismatic Renewal  John Boucher 2017-04-17 Revised, expanded, and updated! Have you encountered the Holy Spirit? Maybe you have been invited to a charismatic prayer meeting, the New Life in the Spirit Seminar, a healing Mass, a parish mission, a worship service, or Alpha in the Catholic Context. Maybe someone has shared a religious experience or a spontaneous prayer with you, and you are intrigued. Or perhaps you
were baptized in the Spirit long ago and would like to reenter that relationship with the Father, Son, and Holy Spirit. Then this little book is for you.

**Three Sisters** Michael Harper 1979 Can the three sisters of the Church be one? Michael Harper believes they can, not so much in a powerful superchurch, but in "underground (i.e. spontaneous) ecumenism" characterized by trust and harmony extending throughout and beyond church boundaries.

**The Catholic Tradition** Thomas Langan 1998 Langan (philosophy, U. of Toronto) examines the history of the Catholic Church and the origins of its teachings since the Church's conception. Although committed to the Catholic religion, he does not obscure the Church's failings as he lays out the fundamentals of the faith. He provides insights into the great Christological councils, discusses the differences in the spiritualities of East and West, and portrays the crucial roles that the pope and bishops played during the Middle Ages. Incorporating the thought of Augustine, Aquinas, and medieval Catholicism, he traces the rise and decline of Christian Europe and the issues raised by reform.

**A Mighty Current of Grace** Alan Schreck 2017-05-01 The Holy Spirit is the secret to the Church's growth and vitality—her "fountain of youth"! The Spirit is constantly renewing the Church, and the current age is no exception. In this book, theologian and author Dr. Alan Schreck writes a historical appreciation of the Catholic Charismatic Renewal, now celebrating its fiftieth year—a renewal that has touched millions of Catholics throughout the world. Tracing the origins of the Renewal, Schreck outlines its characteristics, how it spread, what is meant by the baptism in the Holy Spirit, the charisms that are associated with it, and the communities that grew out of it. This book is for those who were involved in the Renewal and for those who want to know how the Spirit has moved so mightily in our own time and age.

**The Thomist** 1974 A speculative quarterly review.

**Charisms and Charismatic Renewal** Francis A. Sullivan 2004-10-13 The rapid growth of the charismatic renewal in the Catholic Church has brought with it both controversy and confusion, and it has raised a number of important theological questions. Is it an authentic renewal movement? Exactly what is the baptism of the Holy Spirit? How should we understand the gift of tongues? What is prophecy? Does God really heal by supernatural means? One by one, Francis Sullivan takes up these controversial points in one of the most thorough theological investigations yet undertaken into the Catholic charismatic renewal. 'Charisms and Charismatic Renewal' is a scholarly analysis of this dynamic renewal movement for those who want to know more about its history, its theological and scriptural bases, its present impact on the church, and its probable future course.

**The Catholic Church** John L. Allen Jr. 2013-03-20 Roman Catholicism stands at a crossroads, a classic "best of times, worst of times" moment. On the one hand, the Catholic Church remains by far the largest branch of the worldwide Christian family, and is growing at a remarkable clip. Yet the Church has also been rocked by a series of scandals related to the sexual abuse of minors by clergy, and, even more devastating, the cover-up by the Church hierarchy. The decade-long crisis has taken a massive financial toll, but the blow to both the internal morale and the external moral standing of the Church has been even steeper. Today, the Church has enormous residual strength and exciting future prospects, but also faces steep internal and external challenges. The question of "whither Catholicism" is of vital public relevance, for believers and non-believers alike.

In The Catholic Church: What Everyone Needs to Know®, John L. Allen, Jr., one of the world's leading authorities on the Vatican, offers an authoritative and accessible guide to the past, present, and future of the Church What Everyone Needs to Know® is a registered trademark of Oxford University Press.

**The Spirit of Enthusiasm** Susan A. Maurer 2010 This book examines the historical development of the American Catholic Charismatic Renewal from the early influences of the Spanish Cursillo movement, through the initial 'baptism in the spirit' event at Duquesne University in 1967, and the Renewal's subsequent development through the end of the 20th century.
Strange Fire John F. MacArthur 2013-11-19
What would God say about those who blatantly misrepresent His Holy Spirit; who exchange true worship for chaotic fits of mindless ecstasy; who replace the biblical gospel with vain illusions of health and wealth; who claim to prophesy in His name yet speak errors; and who sell false hope to desperate people for millions of dollars? The charismatic movement has always been a breeding-ground for scandal, greed, bad doctrine, and all kinds of spiritual chicanery. As a movement, it is clearly headed the wrong direction. And it is growing at an unprecedented rate. From the Word of Faith to the New Apostolic Reformation, the Charismatic movement is being consumed by the empty promises of the prosperity gospel. Too many charismatic celebrities promote a “Christianity” without Christ, a Holy Spirit without holiness. And their teaching is having a disastrous influence on a grand scale, as large television networks broadcast their heresies to every part of the world. In Strange Fire, bestselling author and pastor John MacArthur chronicles the unsavory history behind the modern Charismatic movement. He lays out a chilling case for rejecting its false prophets, speaking out against their errors, showing true reverence to the Holy Spirit, and above all clinging to the Bible as the inerrant, authoritative Word of God and the one true standard by which all truth claims must be tested.

Our Lady of Emmitsburg, Visionary Culture, and Catholic Identity Jill Krebs 2015-12-30 This ethnography uses a lived religion approach to explore devotion in contemporary Marian apparitional movements. It investigates how individuals understand and express Catholic identity in the modern world through beliefs, practices, and relationships with individuals, institutions, and divine figures.

Marginalized Voices Timothy B. Cremeens 2018-06-28 The Orthodox Church has been characterized by some as “the best-kept secret in North America.” Making use of personal interviews and correspondence, magazine and news articles, and other publications, Timothy Cremeens weaves the story of a spiritual renewal movement that began in the United States in the early 1960s and rapidly spread around the globe touching millions of Roman Catholics and Protestants, what is today called the Charismatic Renewal Movement. In 2017, this Movement, celebrated its 50th Jubilee anniversary in the Roman Catholic Church. However, Cremeens presents here the never-before heard story of that Movement among the Orthodox Churches in North America. He recounts the history of this spiritual renewal movement through the first-hand accounts and eyewitnesses of Orthodox clergy and laity who testify to their life-changing encounters with the Holy Spirit.

Catholic Pentecostalism and the Paradoxes of Africanization Ludovic Lado 2009 Through an ethnographic study of a Charismatic movement in Cameroon and Paris, the book explores the dialectics between a ~Pentecostalization~TM and a ~Africanization~TM within contemporary African Catholicism. It appears that both processes pursue, although for different purposes, the missionary policy of dismantling local cultures.

The Holy Spirit and Power  Kilian McDonnell 1975

Apostles Today  Benjamin G McNair Scott 2014-12-25 Are apostles amongst us today? According to a growing section of the church, the answer is yes. This book investigates and appraises the idea, seeking answers to the following questions in the context of the church in Britain and the USA: Is there a robust scriptural justification for the charismatic apostolate (CA) that most charismatic groups are proclaiming? How widespread is this belief and why has it become more commonplace? What kind of apostles are being advocated by influential popular teachers? What does church history and tradition have to offer to this idea? Is there a way to endorse and embrace the CA ecumenically? Does the CA have a future in the universal church? These are important questions to answer for the sake of the church’s mission and health.
