The Church As Learning Community
Norma Cook Everist 2010-10-01 Norma Cook Everist contends that it is meaningful to say that in ministries of administration, outreach, and pastoral care, the church is functioning as a learning community. Whenever and wherever Christians are being formed into the image of Jesus Christ through ministry, there Christian education is taking place. Christian education is the name we give to that process of formation. Building on this central insight, Everist has written a major new introduction to the tasks and practices of Christian education. Part 1 of the book focuses broadly on what it means to be the church in the world. Part 2 shows how being a learning community requires ongoing growth in faith throughout the span of life. Part 3 shifts focus to the church as it moves into the community and world.

Four Views of Youth Ministry and the
Church Wesley Black 2010-01-05 Join the conversation as experts propose, defend, and explore Four Views of Youth Ministry and the Church. In a dialog that often gets downright feisty, four youth ministry academicians delineate their distinct philosophical and ecclesiological views regarding how youth ministry relates to the church at large—and leave a taste of what’s profound and what’s not in these four typologies: Inclusive congregational (Malan Nel). What happens when a church thoroughly integrates its adolescents, making them full partners in every aspect of congregational life? Preparatory (Wesley Black). Why and how should a church consider its teenagers as disciples-in-training and its youth ministry a school of preparation for future participation in church life? Missional (Chap Clark). What does a church look like, whose youth ministry does not necessarily nurture "church kids" but is essentially evangelistic? Whose youths and youth workers are considered missionaries? Strategic (Mark Senter). How feasible is it for a youth ministry to become a new church on its own—the youth pastor becoming the pastor, and the new church planted with the blessing of the mother church? In Four View of Your Ministry and the Church, solid academic writing and an inviting tone and design create a compelling text for both in-the-field, practicing youth workers and undergraduates and graduate students.

How Youth Ministry Can Change Theological Education - If We Let It
Kenda Creasy Dean 2016
Since 1993, forty-nine theological seminaries have created opportunities for high school students to participate in on-campus High School Theology Programs (HSTPs) that invite them to engage in serious biblical and theological study. Many of the young people who take part in these programs go on to become pastoral or lay leaders in their churches. What has made these programs so successful -- especially given the well-documented "crisis of faith" among young people today? In this book thirteen contributors -- many of whom have created or led one of these innovative theology programs -- investigate answers to this question. They examine the pedagogical practices the HSTPs have in common and explore how they are contributing to the leadership of the church. They then show how the lessons gleaned from these successful programs can help churches, denominations, and seminaries reimagine both theological education and youth ministry.

Estep 2012-06-01 This new book from top Christian education professionals integrates biblical foundations, educational theory, and practical insights into a new curriculum formation approach for the local church. *Christian Education in the Small*
Christian Education is part of the vital ministry of all churches, but especially of small membership churches. In a culture that places great value on numbers, small membership churches often mistakenly see themselves at a disadvantage. Small membership churches can create wonderful opportunities to form and disciple faithful followers of Jesus Christ.

In offering viable Christian Education, the role of the pastor is critical. This book invites pastors to lead their small membership churches to develop an imaginative and holistic vision of Christian Education. Read the Introduction.
