integral Christian thinking and living, the religious significance of culture, and the coming of the kingdom, reductionist Evangelicalism struggled with its only rarely acknowledged, deep-seated suspicion of the 'world', which it sought to keep both restricted and restricted to institutional church life and the cultivation of private spiritual experience. The consequences are frequently engraving and corrosive. Without disregarding what is important in the past, Evangelicals are here challenged to take the Bible much more seriously, and thereby transcend the limitations of their historical and theological heritage. This is the challenge of a full-fronted understanding of Christian discipleship that will equip us to address the deep and complex challenges of the twenty-first century.

The Rise of the Lady Evangelist: Deryck Lovegrove 2003-08-29 This comprehensive investigation into the involvement of ordinary Christians in the public life of the Church of England during the 1890s, when the 'Great Church Crisis' and the 'End of English Erastianism' were by no means remote possibilities, highlights the diversity of contemporary Anglicanism by exploring its fascinating history, theology, and structures. Putting the history and development of the religion into context, Chapman reveals what it is that holds Anglicanism together despite the recent threats that threaten to tear it apart. ABOUT THE SERIES This is a series of new titles from Open Book Publishers. Every book in the series is written by a well-known expert and examines a historical period about which we might reasonably ask, 'What was the perfect way to get ahead in a new subject quickly? Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and fast-paced books. The books are uniform in style, allowing for a straightforward and effective way of learning about key topics in the history of ideas. The focus is on the history of ideas, which is the study of how the ideas and beliefs of the past have shaped the way we think about the world today.'

The Great Church Crisis and the End of English Erastianism, 1898-1906 Bethany Kilcrease 2016-12-08 This book traces the history of the Church of England today is a "broad Church", hosting within its fold a wide range of traditions and beliefs. The coexistence between liberals and conservatives, to a greater or lesser extent, were modelled on their rivals. Harris documents, for the first time, the rise of Evangelical societies such as the influential Church of England Evangelical Alliance. The book shows how evangelical religious beliefs and cultural values led believers in America and Britain to form political protest groups. The book also assesses the outcome of evangelical politics by showing how political institutions unique to each nation shaped the social expression of religious values.

Evangelicalism and Education Khim Harris 2007-09-01 This is the first history of English public schools founded by Evangelicals in the nineteenth century. The book shows how evangelical religious beliefs and cultural values led believers in America and Britain to form political protest groups. The book also assesses the outcome of evangelical politics by showing how political institutions unique to each nation shaped the social expression of religious values.
