Military Parties in Britain Matt Cole 2012-07-27 Looks at parties' organisation, policy, support and impact, from the major parties to the local. This introductory textbook explains the nature of political parties, the emergence of new parties and the causes of recent changes in both. Parties studied include: * The main parties: Conservative, Labour, Liberal Democrat, SNP, Plaid Cymru, Greens, Scottish National Party, UKIP, BNP, BNP*, * Local parties: Kidderminster Health and Hospital Concern, the British National Party, UKIP, BNP, * The peripheral parties: the BNP, UKIP, SNP and BNP*. Historical Dictionary of the Northern Ireland Conflict Gordon Gillespie 2017-03-15 The second edition of the Historical Dictionary of the Northern Ireland Conflict provides an introduction to the origins of the conflict, the major political parties, figures involved in the conflict in Northern Ireland from the 1980s to 2016. The second edition of the book expands on the references relating to individuals, organizations and events of the Northern Ireland conflict, with particular emphasis on the post-1998 developments. This work provides a unique view of developments since the signing of the Good Friday Agreement in 1998. While widely heralded as the end of the conflict, the Agreement has not ended the political and cultural conflicts and the post-war which have grown in intensity since 1998. Many of these themes will be reflected in the Future of Peaceful Negotiation. This edition makes a significant contribution to the study of a conflict that has been described as the 'lost peace process', but demonstrates that the policies established during this period have had a significant impact on the future of peace in Northern Ireland. This book is aimed at students and will appeal to teachers, academics, policy makers, and practitioners working in Northern Ireland. The Northern Ireland Question Brian Barton 2009-01-15 The book examines how the Good Friday Agreement in 1998 has transformed the political landscape in Northern Ireland. The new questions of identity, power and violence in the post-Good Friday Agreement context and places armed republicanism in Northern Ireland in the context of European politics and International Relations in general. It will be of much interest to students of terrorism and political violence, ethnic conflict, and cultural relations in other regions of political and ethnic conflict. In addition, it will appeal to students of the Irish peace process, and a key figure in the making of the 1998 Good Friday Agreement. The book contains in-depth analyses of official discourses used to present the peace process, the purchase of weapons, and their policies and the actions they have taken, the effects of the peace process on the political system, and the impact of the new political order on the society in Northern Ireland. The book provides an accessible and comprehensive study of the conflict and peace process in Northern Ireland. The book is aimed at students and will appeal to teachers, academics, policy makers, and practitioners working in Northern Ireland. The book containsprivate on sale at the sdlp from alienation to participation
Irish Republican Terrorism and Politics examines the current rise in violence by Dissident Irish Republicans and its impact on the Northern Ireland Peace Process. This book presents the lesser-known Officials' political-military evolution and analyses whether they could have been role models for the Provisionals. Not only does it compare the terrorism and the politics of the Officials and Provisionals in the aftermath of their seminal ceasfires of 1972 and 1994, it also presents the Irish republican history in a new light and brings to the fore the understudied and disregarded Officials who called their seminal ceasefires twenty-two years before their rivals in 1972. In doing this, the work discusses whether the Provisionals might have learned lessons from the bitter and ultimately unsuccessful experience of the Officials. This book goes beyond traditional interpretations of the rivalry and competition between the two factions with the Officials usually seen as non-violent but unsuccessful and the Provisionals less politically inclined and mostly concerned with their armed struggle. Simultaneously, it dispels the myth of the alleged Provisional republican copying of their Official republican counterparts who seemed ready for a political compromise in Northern Ireland more than twenty years before the Good Friday Agreement of 1998. Finally, it comprehensively compares the Officials and the Provisionals within the identified key areas and assesses the two factions' differences and similarities. This book will be of much interest to students of Irish politics, terrorism studies, security studies and politics in general.

Dynamics of Political Change in Ireland examines the interrelated dynamics of political action, ideology and state structures in Northern Ireland and the Republic of Ireland, emphasising the wider UK and European contexts in which they are nested. It makes a significant and unique contribution to wider European and international debates over state and nation and contested borders, looking at the dialectic between political action and institutions, examining party politics, ideological struggle and institutional change. It goes beyond the binary approaches to Irish politics and looks at the deep shifts associated with major socio-political changes, such as immigration, gender equality and civil society activism. Interdisciplinary in approach, it includes contributions from across history, law, sociology and political science and draws on a rich body of knowledge and original research data. This text will be of key interest to students and scholars of Irish Politics, Society and History, British Politics, Peace and Conflict studies, Nationalism, and more broadly to European Politics.

Irish Republican Terrorism and Politics presents a systematic and comprehensive look inside the strategy and psychology of Ireland's new terrorists, by one of the world's leading terrorism experts, presents a systematic and comprehensive look inside the strategy and psychology of Ireland's new terrorists. Although Northern Ireland has a population of just 1.5 million people it is one of the most researched territories of the world. There is considerable controversy over the interpretation of the history of Northern Ireland, not least since 1969. This new addition to the Seminar Studies in History Series provides a comprehensive introduction to the difficult topic, reviewing different perspectives on the recent history of the conflict in Northern Ireland while at the same time providing an authoritative overview. Each book in the Seminar Studies in History series provides a concise and reliable introduction to complex events and debates. Written by acknowledged experts and supported by extracts from historical documents, a chronology, glossary, section who's who of key figures and guide to further reading, Seminar Studies in History are the essential guides to understanding a topic.

Dissident Irish Republicanism Max Taylor 2011-07-15 This collection of papers examines the current rise in violence by Dissident Irish Republicans and its impact on the Northern Ireland Peace Process. It compares the terrorism and the politics of the Officials and Provisionals in the aftermath of their seminal ceasfires of 1972 and 1994, it also presents the Irish republican history in a new light and brings to the fore the understudied and disregarded Officials who called their seminal ceasefires twenty-two years before their rivals in 1972. In doing this, the work discusses whether the Provisionals might have learned lessons from the bitter and ultimately unsuccessful experience of the Officials. This book goes beyond traditional interpretations of the rivalry and competition between the two factions with the Officials usually seen as non-violent but unsuccessful and the Provisionals less politically inclined and mostly concerned with their armed struggle. Simultaneously, it dispels the myth of the alleged Provisional republican copying of their Official republican counterparts who seemed ready for a political compromise in Northern Ireland more than twenty years before the Good Friday Agreement of 1998. Finally, it comprehensively compares the Officials and the Provisionals within the identified key areas and assesses the two factions' differences and similarities.

This book will be of much interest to students of Irish politics, terrorism studies, security studies and politics in general.

Lessons from the Northern Ireland Peace Process Timothy White 2013 This book incorporates recent research that emphasizes the need for civil society and a grassroots approach to peacebuilding while taking into account a variety of perspectives, including neoconservatism and revolutionary analysis. The contributions, which include the reflections of those involved in the negotiation and implementation of the Good Friday Agreement, also provide policy prescriptions for modern conflicts.
