In an image like Paragon, the portrait of a single tree, or Buttress, a group of four, we can easily glimpse the way ahead, as we can pass by on either side without difficulty. In Tracery, Skeletal, or Polyphony, however, it is not nearly so simple, as we face an apparently solid, seemingly impenetrable wall of trunks and branches, and it seems impossible to …

Webto his brother Theo, taken from ‘If the Impressionists Had Been Dentists: A fantasy exploring the transposition of temperament’: Dear Theo, Will life never treat me decently? I am wracked by despair! My head is pounding! Mrs. Sol Schwimmer is suing me because I made her bridge as I felt it and not to fit her ridiculous mouth! That’s right!

June – July 2015

Unlike the impressionists, they were not interested in using color to dissolve forms nor in pushing color saturation to ex-tremes in order to mimic the intensity of light. However, like the impressionists, they understood perfectly the principle of creating the illusion of luminosity by con- trasting warm and cool colors of similar or equal values.

View of the world presented by the Impressionists. Trujillo says, “Through painting, I learn to see without the interruption of thought….I real- ized the more I painted, the clearer I could see, and the deeper my understanding of the world grew….When I paint, I am not thinking of anything. I do not plan my brush strokes or what I
