The Beecher Sisters Barbara A. White 2003-11-01 A “rich, varied, sensitive” biography of three nineteenth-century women: an educator, an early feminist, and the author of Uncle Tom’s Cabin (Publishers Weekly). Daughters of the famous evangelist Lyman Beecher, Catherine, Harriet, and Isabella could not follow their father and seven brothers into the ministry. Nonetheless, they carved out path-breaking careers for themselves. Catharine Beecher founded the Hartford Female Seminary and devoted her life to improving women’s education. Harriet Beecher Stowe became world famous as the author of Uncle Tom’s Cabin. And Isabella Beecher Hooker was an outspoken advocate for women’s rights. This engrossing
book is a joint biography of the sisters, whose lives spanned the full course of the nineteenth century. The life of Isabella Beecher—who has never been the subject of a biography—is examined in particular detail here, as Barbara White draws on little used sources to explore Isabella’s political development and her interactions with her sisters and with prominent people of the time—from Susan B. Anthony and Elizabeth Cady Stanton to Mark Twain.

**Farming While Black** Leah Penniman 2018

"Farming While Black is the first comprehensive "how to" guide for aspiring African-heritage growers to reclaim their dignity as agriculturists and for all farmers to understand the distinct, technical contributions of African-heritage people to sustainable agriculture. At Soul Fire Farm, author Leah Penniman co-created the Black and Latino Farmers Immersion (BLFI) program as a container for new farmers to share growing skills in a culturally relevant and supportive environment led by people of color. Farming While Black organizes and expands upon the curriculum of the BLFI to provide readers with a concise guide to all aspects of small-scale farming, from business planning to preserving the harvest. Throughout the chapters Penniman uplifts the wisdom of the African diasporic farmers and activists whose...
work informs the techniques described—from whole farm planning, soil fertility, seed selection, and agroecology, to using whole foods in culturally appropriate recipes, sharing stories of ancestors, and tools for healing from the trauma associated with slavery and economic exploitation on the land. Woven throughout the book is the story of Soul Fire Farm, a national leader in the food justice movement."

Mark Twain's Letters, Volume 3
Mark Twain 1992-07-28 "Don't scold me, Livy—let me pay my due homage to your worth; let me honor you above all women; let me love you with a love that knows no doubt, no question—for you are my world, my life, my pride, my all of earth that is worth the having." These are the words of Samuel Clemens in love. Playful and reverential, jubilant and despondent, they are filled with tributes to his fiancée Olivia Langdon and with promises faithfully kept during a thirty-four-year marriage. The 188 superbly edited letters gathered here show Samuel Clemens having few idle moments in 1869. When he was not relentlessly "banged about from town to town" on the lecture circuit or busily revising The Innocents Abroad, the book that would make his reputation, he was writing impassioned letters to Olivia. These letters, the longest he ever wrote, make up the bulk of his correspondence for the year and are filled with his acute wit and dazzling language. This latest volume of Mark Twain's Letters captures Clemens on the verge of becoming the celebrity and family man he craved to be. This volume has been supported by the National Endowment for the Humanities and by a major donation to the Friends of The Bancroft Library from the Pareto Fund.

Indestructibles: Old MacDonald Had a Farm
Amy Pixton 2022-12-13 They’re called Indestructibles. They could just as well be called the unstoppables! As in they don’t stop selling (shipping over 1 million copies a year), don’t
stop pleasing, and don’t stop filling an essential need for new parents: a book made for the way babies “read,” with their hands and mouths. Old MacDonald Had a Farm is the E-I-E-I-Oh! classic that introduces baby to the world of farm animals and the different ways each has of talking—the pig with his oink-oink, the cow with her moo-moo, and the baa-baas, cluck-clucks and quack-quacks that fill the farmyard. As a reminder, The Original Instructibles are chew-proof, drool-proof, rip-proof—and 100% non-toxic. And when they do get dirty, just throw them in the dishwasher. All for $5.95.

50 Great American Places takes you on a journey through our nation’s history. Sharing the inside stories of sites as old as Mesa Verde (Colorado) and Cahokia (Illinois) and as recent as Silicon Valley (California) and the Mall of America (Minnesota), each essay provides the historical context for places that represent fundamental American themes: the compelling story of democracy and self-government; the dramatic impact of military conflict; the powerful role of innovation and enterprise; the inspiring achievements of diverse cultural traditions; and the defining influence of the land and its resources. Expert historian Brent D. Glass explores these themes by connecting places, people, and events and reveals a national narrative that is often surprising, sometimes tragic, and always engaging—complete with photographs, websites for more information, and suggestions for other places nearby worth visiting. Sites you would expect
to read about—in Boston, New York, and Washington, DC—are here, as well as plenty of surprises, such as the Palace of the Governors in Santa Fe, or Ebenezer Baptist Church in Atlanta, or the Village Green in Hudson, Ohio; less obvious places that, together with the more well-known destinations, collectively tell the story of America. For families who want to take a trip that is both educational and entertaining, for history enthusiasts, or anyone curious about our country’s greatest places, this book is the perfect guide.

Mark Twain's Letters, Volume 2
Mark Twain 1988 Here is young Sam Clemens—in the world, getting famous, making love—in 155 magnificently edited letters that trace his remarkable self-transformation from a footloose, irreverent West Coast journalist to a popular lecturer and author of The Jumping Frog, soon to be a national and international celebrity. And on the move he was—from San Francisco to New York, to St. Louis, and then to Paris, Naples, Rome, Athens, Constantinople, Yalta, and the Holy Land; back to New York and on to Washington; back to San Francisco and Virginia City; and on to lecturing in Ohio, Michigan, Pennsylvania, and New York. Resplendent with wit, love of life, ambition, and literary craft, this new volume in the wonderful Bancroft Library edition of Mark Twain's Letters will delight and inform both scholars and general readers. This volume has been supported by the National Endowment for the Humanities, the Mark Twain Foundation, Jane Newhall, and The Friends of The Bancroft Library.

The Letters of Mark Twain and Joseph Hopkins Twichell
Harold K. Bush 2017-04-15 This book contains the complete texts of all known correspondence between Samuel L. Clemens (Mark Twain) and Joseph Hopkins Twichell. Theirs was a rich exchange. The long, deep friendship of Clemens and Twichell—a Congregationalist minister of Hartford, Connecticut—rarely fails to surprise, given the general reputation Twain has of being...
antireligious. Beyond this, an examination of the growth, development, and shared interests characterizing that friendship makes it evident that as in most things about him, Mark Twain defies such easy categorization or judgment. From the moment of their first encounter in 1868, a rapport was established. When Twain went to dinner at the Twichell home, he wrote to his future wife that he had “got up to go at 9.30 PM, & never sat down again—but [Twichell] said he was bound to have his talk out—& I was willing—& so I only left at 11.” This conversation continued, in various forms, for forty-two years—in both men’s houses, on Hartford streets, on Bermuda roads, and on Alpine trails. The dialogue between these two men—one an inimitable American literary figure, the other a man of deep perception who himself possessed both narrative skill and wit—has been much discussed by Twain biographers. But it has never been presented in this way before: as a record of their surviving correspondence; of the various turns of their decades-long exchanges; of what Twichell described in his journals as the “long full feast of talk” with his friend, whom he would always call “Mark.”
