La Foe Benedetta Origo 2001-09-28 The gardens and estate of La Foce constitute one of the most important and best kept early twentieth-century gardens in Italy. Amid 3,500 acres of farmland in the countryside near Pienza, with sweeping views of the Tuscan landscape, La Foe was the childhood dream garden of the late writer Marchesa Iris Origo. Passionate about the order and symmetry of Florentine gardens, Origo and her husband, Antonio, purchased the disipated villa in 1924, soliciting the help of English architect and family friend Cecil Pinse to reawaken the natural magic of the property. Present designed the structure of simple, elegant, box-edged beds and green endorses that give shape to the Origos’ shrubs, perennials, and vines, and created a garden of soaring cypress walks, native cisterns, lawns, and wildflower meadows. It is, by all accounts, a remarkable achievement. Today the garden is a place of unusual and striking beauty, a green oasis in the barren Siena countryside. Situated in the Val di Orcia, a wide valley in southeastern Tuscany that seems to exist on a larger, wilder scale than the rest of the Tuscan landscape, it is run by Benedetta and Donata Origo, and is open to the public one day a week. La Foe: A Garden and Landscape in Tuscany is a contemplative, multifaceted study of the house, gardens, and estate of La Foe. It includes a historical essay and memoir by the daughter of La Foe’s creators, Antonio and Iris Origo, along with photographs, sketches, and a critical analysis of the gardens. The volume not only focuses on the beauty of the garden itselfs and their indisputable merit as fascinating works of landscape architecture but also sees them within the context of both the larger Tuscan topography and the wider landscape of geography and history. The book will be a delight to armchair travelers, trade and landscape architects, gardeners, and those interested in Tuscan culture.

The social milieu of the times affected them, ordering choices in their lives. Miseducated characterized their behavior as they tried to become knowledgeable about sex, adult ways, and athletics in western North Carolina in a time of depression, war, and adjustment. Jack experienced his troublesome early high school years, including his father’s death that left him feeling they had never bonded. Bill got religion in a dramatic turn. Following Bill to a college where bigotry reigned, Jack transferred to another college, where he flourished. Again following Bill, Jack entered a seminary, but after two years, parted from Bill, his bother, and the seminary. Leaving the seminary due to theological/philosophical disagreements, he moved to Fort Worth, took an aircraft factory job, and became enamored of women of the evening. The Angel’s Trumpet James Musgrave 2020-01-01 An 1887 Handmaid Gets Her Revenge in This Superb Historical Legal Thriller and mysterious Lincoln Abraham was shot inside Ford's Theater, Washington D.C. In 1887, the investigation team of attorney-detective Clara Shortridge Folz visits the same theater, which has now been converted into a Army Medical Museum for tourists. But, the same mysterious “vibes” are circulating among the skulls, surgical instruments and garishly frightening scenes from the Civil War.
battlefield. Lincoln's ghost, it is rumored, is also wandering about. And below the creepy floors, there is a secret that cannot be revealed until the final act in this unique mystery and political satire. "James Musgrave's The Angel's Trumpet is one of those rare historical mysteries that is both entirely plausible and yet truly original. A richly researched adventure into the complex social web of Gilded Age Washington, featuring deeply-realized and re-imagined luminaries including actress Sarah Bernhardt and President and Mrs. Cleveland, the novel is also surprisingly modern in its sensibilities, a compelling romp into an earlier era's struggle with addiction and vice and secrecy and race relations, and, most of all, hidden sources of power. You will read this book in one sitting—and you will be very glad that you did. A meticulously-dotted gem from a master of the genre." Jacob M. Appel, author of the Dundee International Book Award winner, The Man Who Wouldn't Stand Up.

Syntax, Semantics and Acquisition of Multiple Interrogatives Lydia Grebenyova 2012-10-17 Multiple interrogatives, questions with multiple wh-phrases (e.g. Who bought what?), have long presented analytical challenges for linguistic theory. This monograph presents a new theoretical and experimental study of this construction. The theoretical findings concern the interaction between superiority effects, subject-auxiliary inversion, and the distribution of pair-word and single-word readings cross-linguistically. The author examines multiple interrogatives under sluicing (i.e. clausal ellipsis), proposing new arguments for the deletion analysis of sluicing. The author also reports the results of several experimental studies on how children acquire the language-specific properties of multiple interrogatives in English, Russian, and Malayalam. The results suggest a correlation between the acquisition of multiple interrogatives and the acquisition of contrastive focus, which has been independently motivated in the syntactic literature. The monograph will be of interest to linguists concerned with syntax, semantics, and language acquisition, as well as readers who are interested in a comprehensive theory of language in general.
