definitive life of Brigham Young comes a biography of the Mormon Jesus that enriches our understanding of The Church of Jesus Christ of Latter-day Saints. Mormons in Transition Thomas G. Alexander 1996 A classic study of an influential American religion.....Provides both the specialist in religion and the general reader with a thoughtful history of this complex religion. I Love Mormons David L. Rowe 2005-08-01 David L. Rowe asserts that many Mormons view Christian witnessing as Bible bashing. What Christians need to understand, he suggests, is that Latter-day Saints are an entirely separate ethnic group with their own history, values, and customs. Evangelizing Mormons can be so much more effective if Christians first know, understand, and respect Mormon heritage. With helpful illustrations and discussions of Mormon values and theology, Rowe calls Christians away from confrontational evangelism and instead suggests active listening and respect as a way to bridge Christian beliefs and Mormon culture. A patently needed addition to the back of the book and discussion questions at the end of each chapter will help readers apply these concepts in their own witnessing experiences. In the end, Christians will be more approachable representatives of Christ. Mormons and Mormonism Eric Alden Eliason 2001 This book gathers key essays by leading scholars on the history, foundational ideas and practices, and worldwide expansion of the Church of Jesus Christ of Latter-day Saints. It explains how the earliest Mormons viewed their religion and suggests that the Book of Mormon appeared to them as an exciting document of social protest. Contributors consider the history of persecution of the Mormons, the church's relationship with the state of Utah, and the history of the Salt Lake City-based church that is the largest and best-known expression of Mormonism, whilst also exploring lesser known churches that claim descent from Smith's original revelations. Designed for undergraduate religious studies and history students, What is Mormonism? provides a reliable and easily digestible introduction to a steadily growing religion that continues to befuddle even learned observers of American religion and culture. What is Mormonism? Patrick O. Mason 2017-03-27 What is Mormonism? A Student's Introduction is an easy-to-read and informative overview of the religion founded by Joseph Smith in 1830. This short and lively book covers Mormonism's history, core beliefs, rituals, and devotional practices, as well as the impact on the daily lives of its followers. The book focuses on the history of the Church of Jesus Christ of Latter-day Saints, the Salt Lake City-based church that is the largest and best-known expression of Mormonism, whilst also exploring lesser known churches that claim descent from Smith's original revelations. Designed for undergraduate religious studies and history students, What is Mormonism? provides a reliable and easily digestible introduction to a steadily growing religion that continues to befuddle even learned observers of American religion and culture. Science, Religion, and Mormon Cosmology Erich Robert Paul 1992 Merrill, who urged a unique vision of reality that shaped a Mormon eschatology. He shows how authorities eventually retreated from the perception of reality as "true" and adopted a scientifically less secure position in order to protect their theology, an eventuality which ultimately resulted in a reactionary response to science within Mormonism. The Mormon Experience Leonard J. Arrington 1992 The best history of the Latter-Day Saints addressed to a general audience now includes a new preface, an epilogue, and a bibliographical afterword. "This is without a doubt the definitive Mormon history"...Library Journal. Reflections of a Mormon Historian Leonard J. Arrington 2006 For more than a century the history of the American Frontier, particularly the West, has been the specialty of the Arthur H. Clark Company. We publish new books, both interpretive and documentary, in small, high-quality editions for the collector, researcher, and library. Building the Kingdom Claudia Lauper Bushman 2001-12-27 The authors introduce the faith's charismatic early leaders, Joseph Smith and Brigham Young, delve deeply into Mormon rites and traditions, follow the adventurous trail of Mormon pioneers into the West, evoke the momentous rise of Salt Lake City, and describe the numerous skirmishes and court battles between the Mormons and their neighbors, other religions, and the American government. They describe the church's formidable institutional apparatus, the unique role of women in Mormon affairs, both before and after the Mormons' practice of polygamy, and how the church has addressed the challenges of modernity. Throughout, the Bushmans demonstrate how the rise of a small and persecuted movement intersected and even transformed the history of the American nation. Adventures of a Church Historian Leonard J. Arrington 1998 Adventures of a Church Historian details how Leonard J. Arrington opened up archival resources and presided, for a time, over an unprecedented era of enlightenment as he and those who worked under his aegis provided path-breaking works of Mormon scholarship. Arrington was the first professional historian and the first noncentral authority to serve as church historian of the Church of Jesus Christ of Latter-day Saints, a position he held from 1972 to 1982. Arrington's church appointment came at a crucial point in LDS history, when the institution was being transformed from a regional church whose ecclesiastical hierarchy directly presided over its congregants into a modern, worldwide church with an elaborate bureaucracy. His description of conducting research in the LDS Church Archives in the days of Elder Joseph Fielding Smith and Brother A. Will Lund provides a rare glimpse into the inner workings of the LDS First Presidency and Quorum of the Twelve Apostles. Riveting chapters on the actions of the controversial Historical Department reveal details of Arrington's release and replacement as the old system gave way to the new.
evolved—and with it the esteem in which Mormons have been held in the eyes of their countrymen. Admired on the one hand as hardworking paragons of family values, Mormons have also been derided as oddballs and persecuted as polygamists, heretics, and zealots. The place of Mormonism in public life continues to generate heated debate, yet the faith has never been more popular. One of the fastest-growing religions in the world, it retains an uneasy sense of its relationship with the main line of American culture. Mormons will surely play an even greater role in American civic life in the years ahead. The Mormon People comes as a vital addition to the corpus of American religious history—a frank and balanced demystification of a faith that remains a mystery for many. “Fascinating and fair-minded... a sweeping soup-to-nuts primer on Mormonism.”—The Boston Globe “A cogent, judicious, and important account of a faith that has been an important element in American history but remained surprisingly misunderstood.”—Michael Beschloss, author of The Brethren: A Secret History of the Supreme Court

**Governor Boggs’s order.** By depicting the Missouri-Mormon conflict as the result of Smith’s vision to years of global expansion that began in the mid-20th century • 50 contributors who are among the world’s foremost scholars on the Mormon religion and its history • A chronology of Mormonism from its beginnings in upstate New York to its present • A biographical dictionary of over 600 of the most crucial individuals in Salt Lake City, Utah • A bibliography of the latest scholarship on Mormon history

**The Missouri Mormon Experience** Thomas E. Spencer 2010-03-05 The Mormon presence in nineteenth-century Missouri was uneasy at best and at times flared into violence fed by misunderstanding and suspicion. By the end of 1838, blood was shed, and Governor Lilburn Boggs ordered that Mormons were to be “exterminated or driven from the state.” The Mormon persecutions greatly shaped Mormon faith and culture; this book reexamines Mormon-Missourian history within the sociocultural context of its time. The contributors to this volume unearth the challenges and assumptions on both sides of the conflict, as well as the cultural baggage that dictated how their actions and responses played on each other. Shortly after Joseph Smith proclaimed Jackson County the site of the “New Jerusalem,” Mormon settlers began moving to western Missouri, and by 1833 they made up a third of the county’s population. Mormons and Missourians did not mix well. The new settlers were relocated to Caldwell County, but tensions still escalated, leading to the three-month “Mormon War” in 1838—capped by the Haun’s Mill Massacre, now a seminal event in Mormon history. These nine essays explain why Missouri had an important place in the theology of 1830s Mormonism and was envisioned as the site of a grand temple. The essays also look at interpretations of the massacre, the response of Columbia’s more moderate citizens to imprisoned church leaders (suggesting that these leaders could have been avoided if Smith had instead chosen Columbia as his new Zion), and Mormon migration through the state over the thirty years following their expulsion. Although few Missourians today are aware of this history, many Mormons continue to be suspicious of the state despite the eventual rescinding of Governor Boggs’s order. By depicting the Missouri-Mormon conflict as the result of a particularly volatile blend of cultural and social causes, this book takes a step toward understanding the motivations behind the conflict and sheds new light on the state of religious tolerance in frontier America.
Mormonism from a more dispassionate perspective. It concludes with an exploration of the culture war that erupted as Mormon Studies professionalized particularly after the 1960s.

Leonard Arrington and the Writing of Mormon History: Gregory A. Prince 2016 The most comprehensive biography of Leonard Arrington to date--a story of scholarship and controversy

Mormonism W. Paul Reeve 2010 Covering its historic development, important individuals, and central ideas and issues, this encyclopedia offers broad historical coverage of The Church of Jesus Christ of Latter-day Saints. * 140 entries on individuals, places, events, and issues * An overview section of six essays tracing the history of Mormonism from Joseph Smith's vision to years of global expansion that began in the mid-20th century * 50 contributors who are among the world's foremost scholars on the Mormon religion and its history * A chronology of Mormonism from its beginnings in New York to its current status as a globalized church headquartered in Salt Lake City, Utah * A bibliography of the latest scholarship on Mormon history

No Man Knows My History Fawn M. Brodie 1995-08-01 The first paperback edition of the classic biography of the founder of the Mormon church, this book attempts to answer the questions that continue to surround Joseph Smith. Was he a genuine prophet, or a gifted fabulist who became enthralled by the products of his imagination and ended up being martyred for them? 24 pages of photos. Map.

Under the Banner of Heaven Jon Krakauer 2004-06-08 NATIONAL BESTSELLER • From the author of Into the Wild and Into Thin Air, this extraordinary work of investigative journalism takes readers inside Anabaptist and Mormon Fundamentalist communities. Defying both civil authorities and the Mormon establishment in Salt Lake City, the renegade leaders of these Taliban-like theocracies are zealots who answer only to God; some 40,000 people still practice polygamy in these communities. At the core of Krakauer's book are brothers Ron and Dan Lafferty, who insist they received a commandment from God to kill a blameless woman and her baby girl. Beginning with a meticulously researched account of this appalling double murder, Krakauer constructs a multi-layered, bone-chilling narrative of messianic delusion, polygamy, savage violence, and unyielding faith. Along the way he uncovers a shadowy offshoot of America's fastest growing religion, and raises provocative questions about the nature of religious belief.

Reader's Guide to American History Peter J. Parish 2013-06-17 There are so many books on so many aspects of the history of the United States, offering such a wide variety of interpretations, that students, teachers, scholars, and librarians often need help and advice on how to find what they want. The Reader's Guide to American History is designed to meet that need by adopting a new and constructive approach to the appreciation of this rich historiography. Each of the 600 entries on topics in political, social and economic history describes and evaluates some 6 to 12 books on the topic, providing guidance to the reader on everything from broad surveys and interpretive works to specialized monographs. The entries are devoted to individuals, events, institutions, and broader themes, and are written by a team of well over 200 contributors, all scholars of American history.

The Latter-day Saint Experience in America Terryl Givens 2004 Provides the most comprehensive overview of Mormonism--one of the fast growing religions in the World--available in one volume.

Mormon Women's History Rachel Cope 2017-11-29 Mormon Women's History: Beyond Biography demonstrates that the history and experience of Mormon women is central to the history of Mormonism and to histories of American religion, politics, and culture. Yet the study of Mormon women has mostly been confined to biographies, family histories, and women's periodicals. The contributors to Mormon Women's History engage the vast breadth of sources left by Mormon women--journals, letters, family histories, and periodicals as well as art, poetry, material culture, theological treatises, and genealogical records--to read between the lines, reconstruct connections, recover voices, reveal meanings, and recount stories. Mormon Women's History presents women as incredibly inter-connected. Familial ties of kinship are multiplied and stretched through the practice and memory of polygamy, social ties of community are overlaid with ancestral ethnic connections and local congregational assignments, fictive ties are woven through shared interests and collective memories of violence and trauma. Conversion to a new faith community unites and exposes the differences among Native Americans, Yankees, and Scandinavians. Lived experiences of marriage, motherhood, death, mourning, and widowhood are played out against backdrops of changing social norms, emerging professional identities, and developing ritualization and sacralization of lived religion. The stories, experiences, and examples explored in Mormon Women's History are neither comprehensive nor conclusive, but rather suggestive of the ways that Mormon women's history can move beyond individual lives to enhance and inform larger histories. In this way, Mormon Women's History is a source of inspiration and challenge to all students of religion and history.

Fire and Sword Leland Homer Gentry 2010-11-23 Many Mormon dreams flourished in Missouri. So did many Mormon nightmares. The Missouri period—especially from the summer of 1838 when Joseph took over vigorous, personal direction of this new Zion until the spring of 1839 when he escaped after five months of imprisonment—represents a moment of intense crisis in Mormon history. Representing the greatest extremes of devotion and violence, commitment and intolerance, physical suffering and terror—mobbings, battles, massacres, and political
"knockdowns"—it shadowed the Mormon psyche for a century. In the lush Missouri landscape of the Mormon imagination where Adam and Eve had walked out of the garden and where Adam would return to preside over his posterity, the towering religious creativity of Joseph Smith and clash of religious stereotypes created a swift and traumatic frontier drama that changed the Church.

**Historical Dictionary of the Latter-day Saints** Thomas G. Alexander 2019-10-08 The fourth edition of Historical Dictionary of the Latter-day Saints contains a chronology, an introduction, and an extensive bibliography. The dictionary section has over 400 cross-referenced entries on the important people, ideas, doctrine, and events during the 190 year history of The Church of Jesus Christ of Latter-day Saints.

**Brigham Young** Leonard J. Arrington 2012-06-12 Brigham Young comes to life in this superlative biography that presents him as a Mormon leader, a business genius, a family man, a political organizer, and a pioneer of the West. Drawing on a vast range of sources, including documents, personal diaries, and private correspondence, Leonard J. Arrington brings Young to life as a towering yet fully human figure, the remarkable captain of his people and his church for thirty years, who combined piety and the pursuit of power to leave an indelible stamp on Mormon society and the culture of the Western frontier. From polygamy to the Mountain Meadows Massacre to the attempted preservation of Young’s Great Basin Kingdom, we are given a fresh understanding of the controversies that plagued Young in his contentious relations with the Federal government. Brigham Young draws its subject out of the marginal place in history to which the conventional wisdom has assigned him, and sets him squarely in the American mainstream, a figure of abiding influence in our society to this day.

**Kingdom on the Mississippi Revisited** Roger D. Launius 1996 "A significant collection . . . that provides a depth and breadth of understanding reflective of the latest and best in Mormon history." -- Paul M. Edwards, author of Our Legacy of Faith: A Brief History of the RLDS Who were the Nauvoo Mormons? Were they Jacksonian Americans or did they embody some other weltanschaung? Why did this tiny Illinois town become such a protracted battleground for the Mormons and non-Mormons in the region? And what is the larger meaning of the Nauvoo experience for the various inheritors of the legacy of Joseph Smith, Jr.? Kingdom on the Mississippi Revisited includes fourteen thoughtful explanations that represent the most insightful and imaginative work on Mormon Nauvoo published in the last thirty years. The range of topics includes the Nauvoo Legion, the Mormon press, the political kingdom of God, the opposition of non-Mormons, the martyrdom of Joseph Smith, and the meaning of Nauvoo for Mormons. The introduction provides a critique of Nauvoo scholarship, and a closing bibliographical essay analyzes the historical literature on the Mormon experience at Nauvoo.

**The Mormon Quest for Glory** Melvyn Hammarberg 2013-06-03 The Church of Jesus Christ of Latter-day Saints has 6 million members in the United States today (and 13 million worldwide). Yet, while there has been extensive study of Mormon history, comparatively little scholarly attention has been paid to contemporary Mormons. The best sociological study of Mormon life, Thomas O’Dea’s The Mormons, is now over fifty years old. What is it like to be a Mormon in America today? Melvyn Hammarberg attempts to answer this question by offering an ethnography of contemporary Mormons. In The Mormon Quest for Glory, Hammarberg examines Mormon history, rituals, social organization, family connections, gender roles, artistic traditions, use of media, and missionary work. He writes as a sympathetic outsider who has studied Mormon life for decades, and strives to explain the religious world of the Latter-day Saints through the lens of their own spiritual understanding. Drawing on a survey, participant observation, interviews, focus groups, attendance at religious gatherings, diaries, church periodicals, lesson manuals, and other church literature, Hammarberg aims to present a comprehensive picture of the religious world of the Latter-day Saints.
