An Existential Approach To God: A Study of Gabriel Marcel

Eventually, you will undoubtedly discover a new experience and finding by paying some cash. Yet, which might you suggest to acquire these needs in either a 'myth of having magnificently saved' or 'now what? hadn't considered to do with some earlier?'. It is utterly, utterly, utterly in no time for trying to briefly, and I'm sure you could easily enjoy this is an Existential Approach To God: A Study of Gabriel Marcel.

What Do We Know About God? Kenneth Bryson 2020-07-11 There are few subjects known to mankind that has drawn more intense interest, exploration, and publication than the nature and existence of God. Yet, just as the nature of God is elusive and so is the debate over whether God exists. The topics of God's existence, the nature of God, and the ethics of religion are all subjects that are highly regarded and debated.

Research Handbook on Natural Law Theory John Chanza 2019-01-11 [Research Handbook on Natural Law Theory] is a comprehensive and essential resource for those interested in the philosophical and political aspects of natural law theory. The book provides an overview of the history, theory, and applications of natural law theory, and discusses the relationship between law, politics, and ethics.

The Philosopher's Index: Subject Index

Beyond Theodicy Sylvia Walsh 2008-11-14 [Beyond Theodicy (1813-1855)] was first and foremost a Christian theologian who is perhaps best known for his devastating attack on the doctrine of the Trinity. He noted that the term "philosophy" is not used so strictly as to exclude material from other disciplines connected with philosophy or helpful to it and to an unders

Deborah Casewell 2022-04-30 Existentialism is often seen and at times parodied as the philosophy of individuality, authenticity, despair, and ¡¾existential alienation.¡¿ This book presents a focused understanding of the question of the meaning of "existential theology" and what "existential theology" looks like in its varying forms.

Yung Hoon Hyun 2015-04-14 This book focuses on redemptive historical hermeneutics and homiletics within New Testament theology. This is a valuable legacy of the Reformed tradition, often experienced in interpretation and preaching. Biblical texts that surface in Holland (1920s and 1930s) and America (1950s and 1960s) are clearly connected with this development.

Clyde Pax 1972-01-01 Man's concern about God is both a question and a quest. We seek to know with certainty that God is real; we seek also to draw near to God, to know that He is really for us. My aim in this work is to form a focused understanding of the questions of the meaning of "existential theology" and what "existential theology," looks like in its various forms.

Lewis R. Gordon 2015-12-03 In this book, philosopher and social critic Lewis Gordon explores the ossification of disciplines, which he calls "disciplinary decadence." The book examines how "disciplinary decadence," or the separation and specialization of knowledge, has contributed to the silencing of critical voices and the marginalization of scholarly work.

Neil Gillman 1980 An earlier version of this study was presented to the Faculty of Philosophy at Columbia University in 1975 in partial fulfillment of the requirements for the degree of Doctor of Philosophy in the Department of Philosophy at the University. I have now revised and updated it work, utilizing materials from various disciplines.

Clyde Pax 1972-01-01 This textbook reviews for the first time the thinking of six major existential philosophers; Sren Kierkegaard (1813-1855), Friedrich Nietzsche (1844-1900), Franz Schmitt (1840-1909), Jean-Paul Sartre (1905-1980), Simone de Beauvoir (1908-1986), and Martin Heidegger (1889-1976).

An Existential Approach To Human Development

The Philosopher's Work In The World Of Ideas Clifford Williams 2019-06-16 This book presents a provocative argument for the importance of the philosophy of education in contemporary society. The book examines the role of philosophy in education, the relationship between philosophy and education, and the importance of philosophy in the development of human potential.

The Westminster Book of Theology: God Carolyn J. Wilkins 2015-08-05 While the Westminster tradition has a strong commitment to biblical exegesis and the history of the church, I was somewhat surprised that this book focused on the Westminster Confession of Faith. It provides an overview of the Westminster tradition, including its history, beliefs, and practical applications.

French Approaches to Faith and Philosophy in the 20th Century

Clyde Pax 1972-01-01 This book provides a comprehensive overview of the history of philosophy in the 20th century, including the major philosophical movements and thinkers of the period.

Yung Hoon Hyun 2015-04-14 The purpose of this research is to explore the theme of spirituality set within the context of existential theology. The book examines the role of spirituality in existential theology, the relationship between spirituality and existential theology, and the importance of spirituality in the development of human potential.

J. Jay Ziv 2013-03-14 The book can be used as a starting point for further studies and seminars in the field of existential theology and spirituality.

Yung Hoon Hyun 2015-04-14 The writer endeavors to explore a number of key existential themes, such as death, freedom, isolation, and meaning. Existentialism presents possibilities and a productive conversations to be had as regards key concepts such as freedom and authenticity, relationality, and ethics.

Existential Psychotherapy is a study of Gabriel Marcel. It contributes to a rethinking of existentialism. The method of searching for this answer must begin apart from a critical consideration of what we mean by knowledge and certainty. What will count as an answer to the question of whether God is real and whether He is really for us? If, as the believer maintains, God is the answer to man - an answer wholly unlike every other answer - then the method of searching for this answer must be different from other methods of searching.

Marcel's views are with a critical examination of his thought, and in the spirit in which Marcel meets his own predecessors and contemporaries. Yalom provides insight into how to apply his theories to practice, and helps them learn to integrate the theories into an individualized counseling style.
