Becoming a Citizen Irene Bloemraad 2006 "Becoming a Citizen is a terrific book. Important, innovative, well argued, theoretically significant, and empirically grounded. It will be the definitive work in the field for years to come."--Frank D. Bean, Co-Director, Center for Research on Immigration, Population and Public Policy

This book is in three ways innovative. First, it avoids the domestic navel-gazing of U.S .immigration studies, through an obvious yet ingenious comparison with Canada. Second, it shows that official multiculturalism and common citizenship may very well go together, revealing Canada, and not the United States, as leader in successful immigrant integration. Thirdly, the book provides a compelling picture of how the state matters in making immigrants citizens. An outstanding contribution to the migration and citizenship literature!--Christian Joppke, American University of Paris

Today's Youth and Mental Health Soheila Pashang 2018-03-01 This book focuses on the social and intersectional determinants of mental health among youth. The innovative and cutting edge text arises out of multidisciplinary fields of academic, researchers, policy makers, practitioners, artists, and youth.

Contributions from Canada, Germany, Portugal, South Korea, Burkina Faso, Afghanistan, and Jamaica addresses the complexities and the opportunities for youth across contexts. Each chapter entails an introduction to the topic, literature review and research findings, discussion, and implications in regard to research, policy, and practice. A unique aspect of the book is the inclusion of a critical response to each chapter’s content from diverse stakeholders (such as policy makers, front line workers, practitioners, community activists, artists and youth).The book is a critical and current contribution to exploring youth mental health and, specifically, the ways in which youth learn, live, and resist in a world around them. Topics examined include youth social engagement, civic integration, and political participation at multiple local, regional, and transnational levels.

Identity and the Second Generation Faith G. Nibbs 2021-04-30 Most recently, Americans have become familiar with the term "second generation" as it's applied to
children of immigrants who now find themselves citizens of a nation built on the notion of assimilation. This common, worldwide experience is the topic of study in Identity and the Second Generation. These children test and explore the definition of citizenship and their cultural identity through the outlets provided by the Internet, social media, and local community support groups. All these factors complicate the ideas of boundaries and borders, of citizenship, and even of home. Indeed, the second generation is a global community and endeavors to make itself a home regardless of state or citizenship. This book explores the social worlds of the children of immigrants. Based on rich ethnographic research, the contributors illustrate how these young people, the so-called second generation, construct and negotiate their lives. Ultimately, the driving question is profoundly important on a universal level: How do these young people construct an identity and a sense of belonging for themselves, and how do they deal with processes of inclusion and exclusion?

Portuguese Studies Review, Vol. 12, No. 2 PSR (Standard Issue) 2005-02-22 This issue of the Portuguese Studies Review features essays by José D’Assunção Barros, George Bryan Souza, Lorraine White, Stefan Halikowski-Smith, José Mauricio Saldanha Álvarez, Francisco Carlos Palomanes Martinho, Carlos Cordeiro and Artur Boavida Madeira†, Vanessa Ribeiro Simon Cavalcanti, Marzia Grassi, Suzy Casimiro, and Douglas Wheeler. The topics range from Galego-Portuguese troubadour poetry in the thirteenth century to Portuguese colonial administration and the Indian Ocean trade, lineage histories of sixteenth- to seventeenth-century noble families involved in imperial administrative service, (re)interpretive synopses of the Portuguese overseas expansion, art as political theater in colonial Brazil, Vargas and labour policy in Brazil in terms of multiple transitions from traditionalism to modernity, the beginnings of Azorean immigration to Canada, human rights and women’s rights in Brazil, local markets in Cape Verde, Portuguese immigration to Australia, and the military historiography of Portuguese-influenced Africa.

Proceedings of the Royal Society of Canada Royal Society of Canada 1895 A World on the Move A. J. R. Russell-Wood 1992 Imperial Year Book for Dominion of Canada 1917 The Portuguese in India M. N. Pearson 1987 This is a clear account, written from an Indian point of view, of Portuguese activities in India. The Sea and Its Living Wonders. Translated from the Fourth German Edition and Partly Rewritten by the Author ... With Numerous Woodcuts and Twelve Chromoxylographic Plates by H. N. Humphreys Georg HARTWIG (M.D.) 1866 The Portuguese on the North-east Coast of America, and the First European Attempt at Colonization There George Patterson 1891 Barnacle Love Anthony De Sa 2010-08-31 This tale of two generations, spanning from the Azores to Toronto’s Portuguese community, is full of “immense emotional and truthful power” (Colm Tóibín, author of Brooklyn). These “beautiful [and] profoundly moving” interlinked stories of a father and son explore the innocent dreams and bitter disappointments of the immigrant experience (Booklist, starred review). Moving from a small Portuguese fishing village in the Azores Islands to the shores of Newfoundland, Barnacle Love then takes us into the dark alleys of Toronto’s Portuguese community in the 1970s. The first half of the story is told through the perspective of the father, Manuel Rebelo, who fled his homeland—and the crushing weight of his mother’s expectations—to build a future for himself in a new land. Manuel struggles to adjust, but fulfilling the promise of his adopted home is not as simple as he had hoped. The tale transitions to the candid point of view of Manuel’s son, Antonio, who—along with his sister and mother—lives in the shadows cast by Manuel’s failures. With fantastic, sometimes magical details and passionate
empathy, this is a haunting journey into the lives of a family and its secrets. Hailed as “tender and raw, morbid and surprisingly gentle” by the Vancouver Sun, Barnacle Love was a finalist for Canada’s prestigious Giller Prize.

The Portuguese in San Jose Meg Rogers 2007 For hundreds of years, Portuguese explorers have swept across the globe, many of them landing in California in the 1840s as whalers, ship jumpers, and Gold Rush immigrants. Gold was the lure, but land was the anchor. San Jose became home to Portuguese immigrants who overcame prejudice to contribute to the area politically, socially, and economically. They worked hard, transplanting farming, family, and festa traditions while working in orchards and dairies. Many came from the Azores Islands, 800 miles out to sea from mainland Portugal. For over 160 years, the Portuguese have enriched San Jose with colorful figures, including radio star Joaquim Esteves; jeweler and filmmaker Antonio Furtado; the charismatic and controversial Fr. Lionel Noia; educator Goretti Silveira; and community leaders Vicki and Joe Machado.

Identity, Civic Engagement and Multiculturalism: Portuguese-Canadian Immigrant Descendants in Canada and Portugal Robert A. Kenedy 2013-03-15 This special issue of the Portuguese Studies Review focuses on understanding the Portuguese–Canadian immigrant experience in Canada and Portugal, in terms of identity formation and civic engagement within a broader framework of current debates on multiculturalism, and transnationalism. This special volume resulted from the contributions presented at the Symposium Identity, Civic Engagement and Multiculturalism: Portuguese–Canadian Immigrant Descendants in Canada, which was held at York University, Toronto, on 11 and 12 October 2011. The issue presents studies by Robert A. Kenedy, Fernando Nunes, Ana Paula Beja Horta, Gilberta Pavão Nunes Rocha, Derrick Mendes, Christina Kwiczala, Benjamin Kutsyuruba, Filomena Silvano, Marta Rosales, and Sónia Ferreira.

Christianity and Ethnicity in Canada Paul Bramadat 2008-06-14 Over the past decade, scholars and policy makers interested in Canadian multiculturalism have begun to take religion much more seriously. Moreover, Christian communities have become increasingly aware of the impact of ethnic diversity on church life. However, until very recently almost no systematic academic attention has been paid to the intersection between the ethnic and religious identities of individuals or communities. This gap in both our academic literature and our public discourse represents an obstacle to understanding and integrating the large numbers of “ethnic Christians,” most of whom either join existing Canadian churches or create ethnically specific congregations. In Christianity and Ethnicity in Canada, eleven scholars explore the complex relationships between religious and ethnic identity within the nine major Christian traditions in Canada. The contributors discuss the ways in which changes in the ethnic composition of these traditions influence religious practice and identity, as well as how the nine religious traditions influence communal and individual ethnic identities. An introductory chapter by Paul Bramadat and David Seljak provides a thorough discussion of the theoretical, historical, and empirical issues involved in the study of Christianity and ethnicity in Canada. This volume complements Religion and Ethnicity in Canada in which the authors address similar issues within the six major non-Christian communities in Canada, and within Canadian health care, education, and politics.

The Portuguese in Canada Victor M. P. Da Rosa 2000 The essays in this volume examine everything from the history of the Portuguese diaspora, to language, identity, history, and literature, to the urban experiences of Portuguese women and men, especially in Montreal and Toronto.

A History of Canada in Ten Maps Adam Shoalts 2017-10-10 Winner of the 2018 Louise de Kiriline Lawrence Award for
Nonfiction Longlisted for the 2018 RBC Taylor Prize Shortlisted for the 2018 Edna Staebler Award for Creative Non-Fiction

The sweeping, epic story of the mysterious land that came to be called “Canada” like it’s never been told before. Every map tells a story. And every map has a purpose--it invites us to go somewhere we’ve never been. It’s an account of what we know, but also a trace of what we long for. Ten Maps conjures the world as it appeared to those who were called upon to map it. What would the new world look like to wandering Vikings, who thought they had drifted into a land of mythical creatures, or Samuel de Champlain, who had no idea of the vastness of the landmass just beyond the treeline?

Adam Shoalts, one of Canada’s foremost explorers, tells the stories behind these centuries old maps, and how they came to shape what became “Canada.” It’s a story that will surprise readers, and reveal the Canada we never knew was hidden. It brings to life the characters and the bloody disputes that forged our history, by showing us what the world looked like before it entered the history books. Combining storytelling, cartography, geography, archaeology and of course history, this book shows us Canada in a way we've never seen it before.

Curriculum Design and Praxis in Language Teaching

Curriculum Design and Praxis in Language Teaching presents a variety of methodologies and theoretical perspectives for current and future postsecondary instructors in the areas of linguistics, second-language acquisition, and world literatures. Offering valuable insights for instructors, the materials presented in this book integrate perspectives and resources from various target languages, world regions, and cultures into areas related to teaching and learning within the field of language. From critical assessments of the current academic curriculum to the fine-tuning of lesson planning, the essays in this collection address the innovative design and implementation of traditional, blended, and online language courses. Including inter-artistic approaches, case studies, and practical guides, this book provides theoretical and hands-on suggestions regarding how to mindfully reinforce students’ socio-cultural engagement and linguistic development both inside and outside of their language-learning classrooms. The innovative ideas for language pedagogy presented in this book – including implementing technology, enhancing engaged spaces of learning, and adapting to the ever-changing field of pedagogy – represent agile ways of blending old and new approaches to carry forward into twenty-first-century postsecondary classrooms.

The Portuguese in Canada

The Portuguese in Canada is a collection of Portuguese writing that is as rich in content and broad in scope as the diversity of its topics and writing modes of its contributors. The book is divided into three major parts. Part 1, "Different Cultural Perspectives of Portuguese Writing," contains thirteen chapters in which the first and opening one, "Portugal: The New Frontier" ably sets the stage for the book by examining from a cultural
perspective how Portugal, a peripheral country in the new world system, serves as a microcosm of the problems of cultural intercommunication in today's world. Subsequent chapters are grouped in three categories: "The Voices of the Writers," "Critical Approaches to Cames," and "Fictionalizing the Nation." Part 2, "Portuguese Language and Literature Outside Portugal," comprises one section devoted to the Portuguese language in Africa, followed by studies about Portuguese discoveries as part of the historical process of remembering and forging one's identity, and finally a comprehensive historical development of Portuguese writing, both in Portuguese and English, in the United States. Part 3, "Portuguese Literature and Criticism Available in English: Suggested Readings" details the recent literary happenings which point to a possible renaissance in Portuguese literary production. The concluding part of this volume offers a short, comprehensive listing of anthologies, general studies, and the most popular translations of the best of Portuguese writing from Portugal and Africa. This lively volume constitutes a first pioneering effort to contribute to a deepening appreciation and understanding of Portuguese writing. Anyone interested in ethnic writing will find this book an invaluable education resource with which to begin an exploration of Portuguese writing in the United States. Asela Rodriguez de Laguna is associate professor of Spanish and director of the Hispanic Civilization & Language Studies Program. She is the author of Notes on Puerto Rican Literature: Images and Identities: An Introduction, and editor of Images and Identities: The Puerto Rican in Two World Contexts.

Canadian Geography Thomas A. Rumney 2009-12-10 Canadian Geography: A Scholarly Bibliography is a compendium of published works on geographical studies of Canada and its various provinces. It includes works on geographical studies of Canada as a whole, on multiple provinces, and on individual provinces. Works covered include books, monographs, atlases, book chapters, scholarly articles, dissertations, and theses. The contents are organized first by region into main chapters, and then each chapter is divided into sections: General Studies, Cultural and Social Geography, Economic Geography, Historical Geography, Physical Geography, Political Geography, and Urban Geography. Each section is further sub-divided into specific topics within each main subject. All known publications on the geographical studies of Canada—in English, French, and other languages—covering all types of geography are included in this bibliography. It is an essential resource for all researchers, students, teachers, and government officials needing information and references on the varied aspects of the environments and human geographies of Canada.

Landscapes of the Ethnic Economy David H. Kaplan 2006-10-26 Exploring the worldwide boom in immigration, this book traces the profound changes in urban areas as new arrivals have transformed inner cities and suburbs alike into bastions of new ethnic economic activity. Each chapter addresses the significance of urban space and local context in developing various ethnic economies and how ethnic economies have helped to re-create urban neighborhoods. With its international scope and rich case studies, this book will be invaluable for scholars and students alike in the fields of ethnic studies, urban studies, economic development, geography, and sociology.

**Emigration and the Sea** Malyn Newitt 2015-01-07 Today Portuguese is the seventh most widely spoken language in the world and Brazil is a new economic powerhouse. Both phenomena result from the Portuguese 'Discoveries' of the 15th and 16th centuries, and the Catholic missions that planted Portuguese communities in every continent. Some were part of the Portuguese empire but many survived independently under other rulers with their own Creole languages and indigenized Portuguese culture. In the 19th and 20th centuries these were joined by millions of economic migrants who established Portuguese settlements in Europe, North America, Venezuela and South Africa - and in less likely places, including Bermuda, Guyana and Hawaii. Interwoven within this global history of the diaspora are stories of the Portuguese who left mainland Portugal and the islands, the lives of the Sephardic Jews, the African slaves imported into the Atlantic Islands and Brazil and the Goans who later spread along the imperial highways of Portugal and Britain. Much of Portugal's contribution to science and the arts, as well as its influence in the modern world, can be attributed to the members of these widely scattered Portuguese communities, and these are given their due in Newitt's engrossing volume

**Bearers of Risk** Neta Gordon 2022-04-15 The short story and the short story cycle have long been considered a marginal genre, free to make room for fresh or risk-taking voices. But in thematizing masculinity in crisis, the genre uses the premise of the marginal to elevate recuperative masculinity politics and nostalgia for traditional patriarchy. Despite the scholarly tendency to link marginal genres and marginalized voices, features of the CanLit infrastructure – including genre criticism and literary prize culture – are complicit in normalizing hegemonic masculinity and the Settler colonial project. Bearers of Risk examines how male Canadian writers mobilize the early twenty-first-century short story cycle as an illustration of post-9/11 recuperative masculinity politics, exposing the tendency to position White, heteronormative men’s viewpoints as objective. Neta Gordon introduces the civil bearer of risk, a figure who comprehends the position of men as being marked by or for failure, and who reasserts masculine authority as civil duty towards community. This book looks at contemporary experimental short story cycles, debut cycles by ethnically minoritized and immigrant writers, and cycles unified by setting, whether suburban, urban, or rural. Bearers of Risk unsettles popular notions of the inherent outsider status of the short story cycle while also scrutinizing expressions of recuperative masculinity politics through which men assert their right to reclaim the centre.

**Portuguese Women in Toronto** Wenona Mary Giles 2002-01-01 Comparing across two generations of Portuguese Canadian women, the book delves into issues such as cultural heterogeneity among Portuguese immigrants, the ambiguity of work and gender politics, and the concept of 'home' versus nationalism.

**Portuguese Studies Review, Vol. 17, No. 2** PSR (Standard Issue) 2012-12-24 This issue of the Portuguese Studies Review groups essays by Martin Malcolm Elbl, Robert A. Kenedy, Diego Santos Vieira de Jesus and Verônica Daminelli Fernandes, Marney P. Cereda, Olivier F. Vilpoux, and Elizabeth M. Silva, Marília Conforto, and Marcia Eliane Alves de Souza e Mello. The topics covered range from Islamic fortifications in Tangier before the Portuguese colonization to studies of identity in Portugal and Brazil, migrations in the Mato Grosso, nineteenth-century travel iconography of the Rio Grande do Sul, and justice and the Junta Geral das Missões. The issue also includes a collective identity study of Portuguese-Canadian lesbian-gay-transgendered community groups in Toronto, Canada.
Citizens of the World Robert Danisch
2011-01 Taken as a whole, this book argues that the very idea of what it means to be a citizen in our global, cosmopolitan world is no longer as clear as it may have been for an Athenian democrat of the fifth century BC, a Roman Republican of the first century BC, a British coloniser of the eighteenth century, or an American patriot of the nineteenth century. Given the now undeniable fact of pluralism highlighted by globalisation and the massive movement of peoples across borders (alongside the legal expansion of rights to minority groups in Western democracies throughout the twentieth century), the idea of citizenship now immediately implicates the problem of inclusion. Pluralism and migration also make identity an increasingly fragile and important concept that is only loosely tethered to the meaning of citizenship. This book shows that the very idea of what it means to be a citizen of a state was complex and uncertain. And that the concept of citizenship was being actively rethought from the different disciplines represented at the conference: sociology, anthropology, literary studies, communication studies, and political science to name a few."

This Pilgrim Nation Gilberto Fernandes 2020 This book tells the transnational history of Portuguese communities in Canada and the United States against the backdrop of the Cold War, the Portuguese Colonial Wars, the American Civil Rights Movement, and Canadian multiculturalism. Staying Italian Jordan Stanger-Ross 2010-01-15 Despite their twin positions as two of North America’s most iconic Italian neighborhoods, South Philly and Toronto’s Little Italy have functioned in dramatically different ways since World War II. Inviting readers into the churches, homes, and businesses at the heart of these communities, Staying Italian reveals that daily experience in each enclave created two distinct, yet still Italian, ethnicities. As Philadelphia struggled with deindustrialization, Jordan Stanger-Ross shows, Italian ethnicity in South Philly remained closely linked with preserving turf and marking boundaries. Toronto’s thriving Little Italy, on the other hand, drew Italians together from across the wider region. These distinctive ethnic enclaves, Stanger-Ross argues, were shaped by each city’s response to suburbanization, segregation, and economic restructuring. By situating malleable ethnic bonds in the context of political economy and racial dynamics, he offers a fresh perspective on the potential of local environments to shape individual identities and social experience. New Mobilities Regimes in Art and Social Sciences Susanne Witzgall 2016-04-29 New Mobilities Regimes analyses how global mobilities are changing the world of today and the role of political and economic power. Bringing together essays by leading scholars and social scientists, including Mimi Sheller and Bülent Diken with the work of well-known artists and art theorists such as Jordan Crandall, Ursula Biemann, Gülsün Karamustafa and Dan Perjovschi this book is a unique document of the cross-disciplinary mobility and power discourse. The specific design, integrating the text and art elements to create a singular dialogue makes for an exciting intellectual and aesthetic experience. Illustrated by a range of studies which examine the regulation and structure of mobility, such as the daily routines of teleworkers, Ukrainian cleaners in Western Europe, the mobility policies of
global corporations, and the impact of bicycle policies on public space, New Mobilities Regimes emphasizes the routes and crossroads of migration flows as well as at the interaction of mobility and new spatial concepts. The contributors are concerned with both the positive outcomes and the disappointments of the global mobilizations in modern lives. This book is ground-breaking in that it calls for the reassessment of the figurative arts in providing independent and insightful knowledge-generating research on the

nature of mobility and highlights the new appreciation of visual representations in sociology, cultural geography and anthropology. **Boundaries: Dichotomies of Keeping in and Keeping Out** Julian Chapple 2020-05-06 This volume is a collection of the chapter presentations contributed by participants in the 5th Global Conference on Pluralism, Inclusion and Citizenship held in Salzburg, Austria, from November 6th - 8th, 2009.
