Sustainable Development Challenges – United Nations

The Department of Economic and Social Affairs of the United Nations Secretariat is a vital interface between global policies in the economic, social and environmental spheres and national action. The Department works in three main interlinked areas: (i) it compiles, generates and analyzes a wide range of economic, social and environmental

Africa Regional Overview of Food Security and Nutrition 2021

including conflict, climate variability and extremes, economic slowdowns and downturns, and the unaffordability of healthy diets. The situation is often exacerbated by difficult underlying conditions, such as poverty and inequality, and sometimes by inappropriate policies. More recently, the national and global measures undertaken to contain the effects of the pandemic have led to a parallel increase in food insecurity, as a result of disruptions in the global food system and lower income levels.

to a technical exercise that intends to test relevant technical elements of the job, the logistics of which will be communicated by the Department. Following the interview and technical exercise, the selection panel will recommend candidates to attend a generic managerial competency assessment in compliance with the Department of
