The Spanish Civil War

The Spanish Civil War was a pivotal event in the history of Spain, and this page provides a comprehensive overview, emphasizing the military aspects and historiography of the conflict. The page delves into the complex dynamics of the war, examining the political and social contexts that led to its outbreak, and highlights the contributions of various individuals and forces. It also discusses the war’s impact on subsequent conflicts and its enduring legacy in Spanish society.

Key topics include:
- The origins of the Civil War, focusing on the political and social tensions that contributed to its inception.
- The military strategies and tactics employed by both sides, with an emphasis on the role of foreign fighters and volunteers.
- The impact of the war on Spanish society, including its influence on art, literature, and cultural productions.
- The war’s consequences for international relations, particularly with regard to foreign intervention.

The page also references several key works, such as "The Spanish Civil War: A Military History" and "Hell and Good Company," which provide valuable insights into the war's history and its后的 continuing relevance. It underscores the importance of understanding this period in the context of modern conflicts, including those involving foreign fighters and the dynamics of conflict transformation.
entries on persons, places, events, institutions, battles, and campaigns. This book is an excellent access point for students, researchers, and anyone wanting to know more about the Spanish Civil War. The Battle for Spain Antony Beevor 2006-06-01 A fresh and acclaimed account of the Spanish Civil War by the bestselling author of Stalingrad and The Battle of Arnhem To mark the 70th anniversary of the Spanish Civil War’s outbreak, Antony Beevor has written a completely updated and revised account of one of the most bitter and hard-fought wars of the twentieth century. With new material gleaned from the Russian archives and numerous other sources, this brisk and accessible book (Spain’s #1 bestseller for twelve weeks), provides a balanced and penetrating perspective, explaining the tensions that led to this terrible overdue to World War II and affording new insights into the war's causes, course, and consequences.

War Veterans and Fascism in Interwar Europe Angel Alcalde 2017-06-07 A fresh and suggestive interpretation of the relationship between veterans of the Great War and fascism in interwar Europe. War Volunteering in Modern Times C. G. Krüger 2010-12-14 Exploring volunteering as a characteristic of modern wars, this book examines why individuals go to war. It studies the motivations, social backgrounds and military experiences of war volunteers in a wide range of conflicts since the French Revolution, and helps to interpret the relationship between war and society in modern times.

Franco Antonio Cazorla-Sanchez 2013-07-18 General Francisco Franco, also called the Caudillo, was the dictator of Spain from 1939 until his death in 1975. His life has been examined in many previous biographies. However, most of these have been traditional, linear biographies that focus on Franco’s military and political careers, neglecting the significance of who exactly Franco was for the millions of Spaniards over whom he ruled for almost forty years. In this new biography Antonio Cazorla-Sanchez looks at Franco from a fresh perspective, emphasizing the cultural and social over the political. Cazorla-Sanchez’s Franco uses previously unknown archival sources to analyze how the dictator was portrayed by the propaganda machine, how the opposition tried to undermine his prestige, and what kind of opinions, rumors and myths people formed of him, and how all these changed over time. The author argues that the collective construction of Franco’s image emerged from a context of material needs, the political traumas caused by the Spanish Civil War (1936-1939), the complex cultural workings of a society in distress, political manipulation, and the lack of any meaningful public debate. Cazorla-Sanchez’s Franco is a study of Franco’s life as experienced and understood by ordinary people; by those who loved or admired him, by those who hated or disliked him, and more generally, by those who had no option but to accommodate their existence to his rule. The book has a significance that goes well beyond Spain, as Cazorla-Sanchez explores the all-too-common experience of what it is like to live under the deep shadow cast by an always officially praised, ever present, and long lasting dictator.

Unlike Warriors Richard Baxell 2012-09-06 When a Nationalist military uprising was launched in Spain in July 1936, the Spanish Republic’s desperate plea for assistance from the leaders of Britain and France fell on deaf ears. Appalled at the prospect of another European democracy succumbing to fascism, volunteers from across the Continent and beyond flocked to Spain’s aid, many to join the International Brigades. More than 2,500 of these men and women came from Britain, Ireland and the Commonwealth, and contrary to popular myth theirs was not an army of adventurers, poets and public school idealists. Overwhelmingly they hailed from modest working class backgrounds, leaving behind their livelihoods and their families to fight in a brutal civil war on foreign soil. Some 500 of them never returned home. In this inspiring and moving oral history, Richard Baxell weaves together a diverse array of testimony to tell the remarkable story of the Britons who took up arms against General Franco. Drawing on his own extensive interviews with survivors, research in archives across Britain, Spain and Russia, as well as first-hand accounts by writers both famous and unknown, Unlike Warriors presents a startling new interpretation of the Spanish Civil War and follows a band of ordinary men and women who made an extraordinary choice.

The People’s Army in the Spanish Civil War Alexander Clifford 2020-03-20 The author of Fighting for Spain delivers “a military history focused on three major battles, Brunete, Belchite and Teruel . . . meticulously researched” (Historical Novel Society). Why did the Spanish Republic lose the Spanish Civil War—and could the Republic have won? These are the key questions Alexander Clifford addresses in this in-depth study of the People’s Army and the critical battles of Brunete, Belchite and Teruel. These battles represented the Republic’s best chance of military success, but after bitter fighting its forces were beaten back. From then on, the Republic, facing the superior army of Franco and the Nationalists, aided by Germany and Italy, faced inevitable defeat. This tightly focused and perceptive account of the military history of the Republic and its army is fascinating reading. As well as providing a broad overview of the strategy and tactics of the People’s Army and its Nationalist opponents, Alexander Clifford quotes vivid eyewitness testimony to give the reader a direct insight into the experience of the frontline soldiers on both sides during those three critical battles. Their recollections reveal to the reader what it was like to fight in the scourching heat of the plains around Brunete, in the shattered streets of Belchite—still ruined to this day—and in the frozen hills of Teruel.
