Jesus and the Synoptic Gospels David E. Aune 1981-04

The Oxford Handbook of Pauline
Studies Matthew V. Novenson 2022-04-08 This handbook encapsulates the whole field of research around the apostle Paul - the authentic texts, other ancient texts falsely attributed to him, the numerous early Christian legends about him, and the many meanings that have been and still are made of these texts.

Four Portraits, One Jesus, 2nd Edition Mark L. Strauss 2020-03-24 To Christians worldwide, the man Jesus of Nazareth is the centerpiece of history, the object of faith, hope, and worship. Even those who do not follow him admit the vast influence of his life. For anyone interested in knowing more about Jesus, study of the four biblical Gospels is essential. The second edition of Four Portraits, One Jesus has been updated throughout to meet the needs to today's students. It is a thorough yet accessible introduction to the four biblical Gospels and their subject, the life and person of Jesus. Like different artists rendering the same subject using different styles and points of view, the Gospels paint four highly distinctive portraits of the same remarkable Jesus. With clarity and insight, Mark Strauss illuminates these four books addressing the following important areas: First he addresses the nature, origin, methods for study, and historical, religious, and cultural backgrounds of the Gospels. He then moves on to closer study of each narrative and its contribution to our understanding of Jesus, investigating things such as plot, characters, and theme. Finally, he pulls it all together with a
detailed examination of what the Gospels teach about Jesus' ministry, message, death, and resurrection, with excursions into the quest for the historical Jesus and the historical reliability of the Gospels. This textbook together with its workbook, video lectures, and laminated sheet gives students everything they need for a thorough and enriching study of Jesus and the Gospels.

The Earliest Sources for the Life of Jesus

F. Crawford Burkitt 2005-05-10
From the author's Preliminary Considerations: I have begun this discussion of the earliest historical sources for the life of Jesus with the 'Apostles' Creed' and the Fourth Gospel rather than with the documents that modern criticism regards as giving us materials for history, because I venture to think that the first thing needed to enable the modern investigator to judge the surviving documents aright is the attempt to look at them rather from the point of view of the early Christians than from that of our own aims and desires.

Jesus, Criteria, and the Demise of Authenticity

Chris Keith 2012-06-28
Criteria of authenticity, whose roots go back to before the pioneering work of Albert Schweitzer, have become a unifying feature of the so-called Third Quest for the Historical Jesus, finding a prominent and common place in the research of otherwise differing scholars. More recently, however, scholars from different
methodological frameworks have expressed discontent with this approach to the historical Jesus. In the past five years, these expressions of discontent have reached a fever pitch. The internationally renowned authors of this book examine the nature of this new debate and present the findings in a cohesive way aimed directly at making the coalface of Historical Jesus research accessible to undergraduates and seminary students. The book's larger ramifications as a thorough end to the Third Quest will provide a pressure valve for thousands of scholars who view historical Jesus studies as outmoded and misguided. This book has the potential to guide Jesus studies beyond the Third Quest and demand to be consulted by any scholar who discards, adopts, or adapts historical criteria.  

**Interpreting the Gospels and Acts**  
David L. Turner 2019-05-28 A comprehensive handbook for understanding and communicating the Gospels and Acts In this final volume of the Handbooks for New Testament Exegesis series, David Turner provides a comprehensive guide for interpreting and conveying the lives of Jesus and his early followers. This is followed by practical guidance on textual issues and original-language exegesis passages from the Gospels and Acts. The final chapter offers an extensive bibliography of books and digital
resources useful for instructors, students, and church leaders alike. Interpreting the Gospels and Acts is an essential resource for anyone teaching and preaching these foundational books.

**The Fourth Gospel in Four Dimensions** Dwight Moody Smith 2008 "This multidimensional volume from the leading American scholar of Johannine studies brings together D. Moody Smith's germinal works from the past two decades along with some original articles published here for the first time. The resulting collection augments current understanding of the
Gospel of John with fresh insights and research and points the way toward opportunities for new inquiry." "The collection is structured around four focal issues that define contemporary studies of John. In the first section, Smith places the book within its Jewish milieu, attempting to account for the tension between the work's seeming anti-Jewishness and its familiarity with Jewish life and thought. Next Smith engages the relationship between John and the historical figure of Jesus, especially the extent to which John's representation of Jesus reflects knowledge of independent traditions as well as the self-consciousness of his own community. The third section examines John's account against the Synoptic Gospels, assessing the evidence of John's access to an independent record of the passion and the possibility that John adopted the gospel genre from Mark. Finally, Smith explores how the Gospels, and especially that of John, evolved into scripture and how they have come to be interpreted in conjunction with one another." --BOOK JACKET.

Jesus and the Synoptic Gospels David Edward Aune 1980

An Introduction to the New Testament, Second Edition Charles B. Puskas 2011-06-16 Studying the New Testament requires a determination to encounter this collection of writings on its own terms. This classic introduction by Charles B. Puskas, revised with C. Michael Robbins, provides helpful guidance. Since the publication of the first edition, which was in print for twenty years, a host of new and diverse cultural, historical, social-scientific, socio-rhetorical, narrative, textual, and contextual studies has been examined. Attentive also to the positive reviews of the first edition, the authors retain the original tripartite arrangement on 1) the world of the New Testament, 2) interpreting the New Testament, and
3) Jesus and early Christianity. This volume supplies readers with pertinent primary and secondary material. The new edition carries on a genuine effort to be nonsectarian, and although it is more of a critical introduction than a general survey, it is recommended to midlevel college and seminary students and to anyone who wants to be better informed about the New Testament.

A Guide to Biblical Commentaries and Reference Works is essentially an annotated bibliography of hundreds of commentators. More scholarly books receive a longer, more detailed treatment than do lay commentaries, and highly recommended commentaries have their author’s names in bold. The author keeps up on the publication of commentaries and intends to update this book every three to four years.

**A Thematic Access-Oriented Bibliography of Jesus's Resurrection**
Michael J. Alter 2019-12-31 The keystone of Christianity is Jesus's physical, bodily resurrection. Present-day scholars can be significantly challenged as they forage through voluminous documents on the resurrection of Jesus. The literature measures well over seven thousand sources in English-language books alone. This makes finding specific sources that are most relevant for specific scholarly purposes an arduous task. Even when a specific book is relevant, finding the parts of the book that are most relevant to the resurrection rather than other topics often requires additional effort. A Thematic Access-Oriented Bibliography of Jesus's Resurrection addresses these challenges in several ways. First, the bibliography organizes more than seven thousand English sources into twelve main categories and then thirty-four subcategories, which are designed to help you find the most relevant literature quickly and efficiently. Embedded are pro and con
arguments which support efficient access through brief annotations and then annotate the diversity and complexity of the field of religion by including sources that represent a diverse range of views: theistic (e.g., Christian, Jewish, Muslim, etc.), agnostic, and nontheistic. The objective of this bibliography is to provide convenient access to relevant sources from a variety of perspectives, allowing you to browse or find the one source accurately and with ease.

Jesus and His Death Scot McKnight 2005 Recent scholarship on the historical Jesus has rightly focused upon how Jesus understood his own mission. But no scholarly effort to understand the mission of Jesus can rest content without exploring the historical possibility that Jesus envisioned his own death. In this careful and far-reaching study, Scot McKnight contends that Jesus did in fact anticipate his own death, that Jesus understood his death as an atoning sacrifice, and that his death as an atoning sacrifice stood at the heart of Jesus' own mission to protect his own followers from the judgment of God.

The Gospels and Jesus Graham Stanton 2002-03-08 Jesus of Nazareth and the four New Testament gospels continue to fascinate people from many cultural and religious backgrounds. Who was Jesus? Are Christian claims about him supported by solid historical evidence? How reliable are the evangelists' portraits of Jesus
which were written some fifty years after his crucifixion? These questions can be explored only on the basis of a sound grasp of the intentions and methods of the four evangelists. Professor Stanton insists that the evangelists are concerned with both the story and the significance of Jesus of Nazareth. Part I of this book examines the distinctive emphases of all four evangelists and discusses the apocryphal gospels, with special reference to the Gospel of Thomas. Part II deals with the ways of assessing the evidence for Jesus and explores his teaching, intentions, and the reasons for his downfall. This book pays particular attention to appropriate methods for careful study of the gospels and the historical Jesus to provide an excellent textbook and a penetrating study for the general reader. NEW TO THIS EDITION: - Every chapter updated to take account of recent scholarly developments - Fuller discussion of literary criticism (chapter 2); the Gospel of Thomas (chapter 7); archaeological evidence (chapter 8); and methods for reconstructing the teaching of Jesus (chapter 9) - Bibliography is extended, updated, and partly annotated - New cross-references added to increase usability - Map now included - Material within some chapters and sub-sections has been reorganised to increase accessibility - Biblical quotations are now taken from the NRSV text - New larger format and text design

The New Testament, an Introduction
Norman Perrin 1982

An Introductory Bibliography for the Study of Scripture Joseph A. Fitzmyer 1990 This third edition of the Introductory Bibliography for the Study of Scripture builds on the two preceding editions Older, obsolete titles have benne eliminated, and newer relevant entries substituted, the twenty-four chapters of the book remain the same, but the contents of them have often changed. The book has
been internationalized wherever possible and British publishers have been added to entries, when they could be ascertain. The aim of this revision remains what it has always been: to present a list of titles of reasonable length with which the student who is beginning the study of theology or of Scripture in a serious way might do well to familiarize himself or herself.

 Jesus' Emotions in the Fourth Gospel Stephen Voorwinde 2005-10-08 This book seeks to discuss John's references to Jesus' emotions in the light of the current debate regarding Johannine Christology. The Fourth Gospel refers to Jesus' love, joy, and zeal. At times it also portrays him as troubled, deeply moved, and in tears. Do these expressions of emotion underscore Jesus' humanity or his divinity? The study is set against the background of the
emotions of God as found in earlier Jewish literature, as well as against that of the emotions of Jesus in the Synoptics and the remainder of the New Testament. Voorwinde argues that the covenant provides the most consistent perspective for viewing both the emotions of Yahweh in the Old Testament and the emotions of Jesus in the Gospels. The Johannine Jesus is found to fulfil the hitherto incompatible roles of covenant Lord and covenant sacrifice. Rather than being expressive only of his humanity Jesus' emotions are also found to underscore his divinity. This is due to the unique genius of this Gospel with its paradoxical presentation of Jesus whose divinity is manifested most eloquently in his weakness, suffering, and death. Only his tears at the grave of Lazarus can be explained as a human emotion pure and simple. All the other emotions, because of their strong connections to the cross, highlight both Jesus' humanity and divinity, albeit for various reasons and in highly nuanced ways. JSNTS 284

The Historical Jesus of the Gospels
Craig S. Keener 2012-04-13 The earliest substantive sources available for historical Jesus research are in the Gospels themselves; when interpreted in their early Jewish setting, their picture of Jesus is more coherent and plausible than are the competing theories offered by many modern scholars. So argues Craig Keener in The Historical Jesus of the Gospels. In exploring the depth and riches of the material found in the Synoptic Gospels, Keener shows how many works on the historical Jesus emphasize just one aspect of the Jesus tradition against others, but a much wider range of material in the Jesus tradition makes sense in an ancient Jewish setting. Keener masterfully uses a broad range of evidence from the early Jesus traditions and early Judaism to reconstruct a fuller portrait of the Jesus who lived in history.

**Criteria for Authenticity in Historical-Jesus Research**

Stanley E. Porter 2004-10-19

Historical-Jesus research continues to captivate the interests of scholars, and recently, there has been renewed discussion of the criteria for authenticity. The first half of this volume reviews the state of play in historical-Jesus research and examines the criteria in particular. One chapter is devoted to the so-called 'Quests', and a second critically charts the development of the criteria in the light of form criticism. One of the conclusions of this part of the volume is that several criteria, especially those based on linguistics, need re-evaluation. The second half of the volume proposes three new criteria, based upon use of the Greek language. These criteria are: Greek language and its context; textual variance; and discourse features. The criteria are proposed as a way forward in historical-Jesus research.

**Between Faith and Criticism**

Mark A. Noll 2004

Historian Mark Noll traces evangelicalism from its nineteenth-century roots. He applies lessons learned in the milieu of Great Britain and North America to answer the question: Have evangelicals grown
to mature confidence in their views of God and Scripture so they may stand-alone if they must—between faith and higher critical skepticism? "This is nuts-and-bolts history at its best." - Douglas Jacobsen, Fides et Historia "This is not only an outstanding study of evangelical biblical scholarship, it is the best survey of the twentieth-century evangelical thought that we have." - George Marsden "This book will be of immense value to all who want to know what the background to current evangelical biblical scholarship is, and who want to explore the likely developments in the future." - Gerald Bray, The Churchman "Noll] has enriched our knowledge of this history through his mastery of its substance and has come to grips with its findings." - Todd Nichol, Word and World

Mark A. Noll, the McManis Professor of Christian Thought and professor of church history at Wheaton College, has written more than ten books, including Religion, Faith and American Politics, and Christian Faith and Practice in the Modern World. He edited Confessions and Catechisms of the Reformation. His PhD degree is from Vanderbilt University.
